FINANCE, INVESTMENT, AND AUDIT COMMITTEE
MEETING OF JULY 18, 2016
ACTION ITEM II.A.1.**

**APPROVAL OF THE FY17 CURRENT FUND (OPERATING) BUDGET, INCLUDING
NEW PERSONNEL POSITIONS**

RECOMMENDED ACTION

The Finance, Investment, and Audit Committee recommends approval by the Board of Trustees, St. Mary's College of Maryland, of the attached operating (current fund) budget for fiscal year 2017.

RATIONALE

Maryland law entrusts the development and approval of the operating budget for the College to the Board of Trustees. Authorization of the attached FY17 current fund budget will allow the College to continue its mission of providing a high quality, public, post-secondary education.

The proposed FY17 Operating Budget implements the state legislature's passed budget including \$0.51 million of inflator funding (permanent) and \$1.1 million (one-time) in information technology funding to allow the replacement of the College's administrative software system. Tuition rates for both in-state and out-of-state students increase 2% and Auxiliary fees 3% as approved at the January 2016 Board of Trustees meeting.

The proposed FY17 Operating Budget is based on an adjusted estimate of student enrollment as of June 29, 2016 totaling 1,523 full time undergraduate students, 7 less than the prior year assumption.

Approximately \$0.3 million of expense reductions are incorporated into the proposed FY17 operating budget to allow, with the rate changes and additional state support, the incorporation of the Anne Arundel Hall operating budget impacts, modest new programmatic and initiative changes, and funds for staff and faculty salary changes.

Note 1: Please Refer To Attached Schedules for More Information.

Note 2: For FY17, The CFU Expenditure Budget Contains \$459 Thousand In Unallocated/Contingency and \$1.6 million Study Abroad Contingency.

FY2017 Key Budget Assumptions**REVENUES**

The FY17 revenue budget has increased \$3.5 million (4.9%) over the FY16 revenue budget primarily due to an increase in state support, increased students rates for tuition and auxiliary charges, increased interest earnings, and a \$0.9 million increase in the overall restricted fund activity level. The FY17 budget is based on 1,523 full time undergraduate students, net of international activity, 7 less than budgeted for FY16. Out-of-State counts are adjusted lower by 29 to reflect continuing weakening of non-resident counts. Budgeted enrollment assumptions are based on updated projections of new and returning students as shown in Appendix A1.

Tuition rates rise 2% over equivalent FY16 levels for both resident and non-resident students. The State appropriation increases \$0.5 million over the FY16 representing the Block Grant inflator. Additionally, the College will receive a one-time \$1.1 million technology grant from the State to fund administrative software upgrades on campus (replacement of the ERP). Overall, State support increases 6.9% as shown in Exhibit G.

Auxiliary Enterprise revenue increases \$669 thousand as residence hall and dining rates increase by 3% and student counts decrease. The St. Mary's College of Maryland Foundation provides \$285 thousand in unrestricted support of which \$35 thousand is on-going unrestricted support and \$250 thousand is one-time based on foundation roll over anticipated at the end of FY16. Revenue from HSMC (\$100 thousand) is provided for their share of the Anne Arundel Hall operating expenses. Miscellaneous revenues such as summer session tuition, rental income, and interest earnings increase \$110 thousand.

EXPENDITURES

The FY17 current fund unrestricted expenditure budget, detailed in Exhibit A, increases a total of \$2.6 million (3.8%) over the FY16 expenditure budget consisting of new required expenditures and new initiatives, less reallocations and savings. Significant additions and reductions are shown in the FY17 Budget Leadsheet (Exhibit A2) and FY17 Crosswalk (Exhibit A3).

Significant savings include reduced heating oil costs due to lower pricing, and faculty personnel savings due to retirements. Permanent approved position counts increase 7 (net) from 423 faculty and staff to 430. As shown in Exhibit J, the FY17 budget includes 2 new lines for the new Anne Arundel Hall (administrative support and housekeeping support), a new administrative inclusion and diversity officer, one new faculty line in Math and Computer Science, one new line in Chemistry, 1 new assistant coach and 3 contractual to regular payroll position conversions.

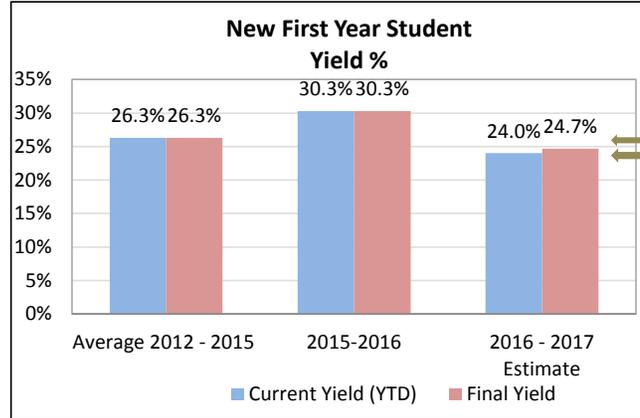

Funds are provided for faculty and staff wage increases effective January 1, 2017. Wage increases will include a combination of base adjustments for continuing good service, merit increases for faculty tenure and promotion, and merit increases for faculty and staff retention. Funds are also provided to increase student wages related to the increase in the national minimum wage.

New initiatives include the operating impacts of Anne Arundel Hall, marketing, Inclusion and Diversity, student health and counseling, and other smaller items.

**BOARD OF TRUSTEES
ST. MARY'S COLLEGE OF MARYLAND
FINANCE, INVESTMENT, AND AUDIT COMMITTEE
MEETING OF JULY 18, 2016
ACTION ITEM II.A.2.
APPROVAL OF THE FY17 PLANT BUDGET**

RECOMMENDED ACTION

The Finance, Investment, and Audit Committee recommends approval of the FY17 Plant Budget as recommended by the Buildings and Grounds Committee.

The Committee on Buildings and Grounds establishes Priority A FY17 Plant Projects as shown in the attached schedule as the highest unfunded priorities. Further, the Committee on Buildings and Grounds recommends to the Finance, Investment, and Audit Committee and to the Board of Trustees that they approve a FY17 Plant Budget that provides funds for these Priority A projects.

RATIONALE

The Committee on Buildings and Grounds is charged with the responsibility to establish priorities for capital projects. These priorities are forwarded to the Finance, Investment, and Audit Committee for funding consideration. Pending action of the Finance, Investment, and Audit Committee on April 26, 2016, the amount of funding available for the FY17 Plant Budget is expected to be \$1.35 million.

The sole source of funding comes from the student facility fee. The total revenues for the FY17 Student Facility Fee are based on a budgeted enrollment of 1,542 students.

Background information is attached for information purposes. Included is a description of each Priority A project, a list of potential miscellaneous projects, and a summary of plant budget expenditures through March 31, 2016.
