Respondent’s Notice of Rights and Responsibilities

The purpose of this form is to ensure respondents, as defined under the St. Mary’s College of Maryland Policy Against Sexual Misconduct (the Policy), are aware of their rights and responsibilities. Please review the statements listed below and be sure that you understand each of them.

I have been advised of the following:

- The College’s Policy and grievance procedures apply to the complaint against me and that the Complainant has options for investigation and resolution of the complaint.
- The College may be required to investigate the incident of alleged sexual misconduct that has been disclosed.
- The College will make every effort to protect my privacy and will only disclose information on a “need-to-know” basis.
- I may request interim measures, remedies, and accommodations (such as no-contact orders; access to counseling services; academic accommodations and support services; change in housing, class assignments or office location; change in work schedule, job assignments or supervisor(s); assistance with visas or immigration documents; student financial aid services; and/or Public Safety escort services).
- There are services available to me on campus and in the community for counseling, advocacy, health, mental health, and legal assistance.
- I may be assisted by an advisor who is a member of the College community or by an attorney, at my own expense.
- If I have any questions during this process, I can contact Michael Dunn, the Title IX Coordinator.

I understand the following:

- Complaints against students will be reviewed in accordance with the Policy and the procedures for Resolving Complaints Against a Student.
- Complaints against a College employee, volunteer or contractor will be reviewed in accordance with the Policy and the procedures for Resolving Complaints Against a College Employee, Volunteer or Contractor.
- The Complainant may be assisted by an advisor who is a member of the College community or by an attorney, at the Complainant’s own expense.
- Anyone who retaliates against the Complainant, Respondent, or anyone who participates in a sexual misconduct investigation will be subject to disciplinary action. I should report any incidents of retaliation to the Title IX Coordinator.
- Sexual misconduct may violate the College Policy, even if it is not found to violate the law. Anyone who commits sexual misconduct in violation of federal, state, or local laws may also be
subject to criminal charges. The College investigation and resolution process is independent of any criminal investigation or proceeding.

- The College will conduct any formal investigation and attempt to resolve the complaint within sixty (60) days of receipt of the complaint. Depending on the circumstances of the complaint, however, additional time may be needed.
- In the event of an investigation, the Complainant and Respondent will have the same procedural opportunities to present witnesses and evidence, to be informed of the outcome of the disciplinary proceedings, and to appeal the outcome.

I have received a copy of the College’s Policy Against Sexual Misconduct and the relevant procedures and had an opportunity to ask questions and have them answered.
