2. Submit a letter of petition to the Office of the Core Curriculum, providing the following information:
 - a) title of the experiences;
 - b) name of their faculty mentor;
 - c) semester in which the course is being taken;
 - d) dates/hours of the experience if not coursework; and
 - e) documentation for the experience (e.g., signed letter from supervisor), if not coursework
3. In the letter, provide a description of the experience and how it has a particular focus on the community.
4. In addition, the description must explain how the student will (as a result of the experience) connect this experience to their overall educational experiences, develop their knowledge base, critically reflect on the meaning of experiencing the liberal arts in the world, and balance the roles of participant and observer.
