
ST. MARY'S COLLEGE
of Maryland

2011
ANNUAL REPORT

Maureen C. Silva

DEAR ALUMNI, FAMILIES, AND FRIENDS OF ST. MARY'S COLLEGE,

It has truly been a pleasure serving as the vice president for advancement at St. Mary's College of Maryland and as the executive director of the College's foundation. My first year has been encouraging, but that is no surprise as St. Mary's fosters community as naturally as it does learning. I am pleased to represent and serve such a well-regarded institution in higher education. I am also excited for our recent accomplishments and eager for the work ahead as we, together, build financial support for our school.

To achieve the College's goal for accessibility, diversity, and academic excellence, our pursuit includes reaching out to students and faculty to better understand their needs, and collaborating across campus to establish a course of action that sustains our public legacy and affirms our mission. Involving our alumni, families, and neighbors – who understand the value and importance of investing in St. Mary's – is a top priority.

The Advancement Office is poised to develop closer relationships with our constituents and to make St. Mary's more widely known. We have grown the number of opportunities to engage alumni, families and friends in the life of the institution. For example, we have invited alumni to share their talents and expertise and engage students in and out of classrooms; we have partnered with the Student Affairs Division on the St. Mary's Family Network; and we have included the community at large in announcements of lectures, performances and sporting events to share our educational, cultural and athletic offerings. While we are striving to welcome everyone to our beautiful campus, we are also reaching out to people in their own regions, through initiating alumni chapters in Boston, New York, and San Francisco; hosting nation-wide receptions around faculty engagements and student activities; and making personal visits with our devoted investors to better understand St. Mary's impact.

We are grateful to all of our dedicated supporters and new partners for helping to make a residential liberal arts education possible for our students and for St. Mary's continued success. With this annual report, we thank and recognize contributors to the St. Mary's College of Maryland Foundation in support of the College. This year we have refined our giving levels to more aptly recognize our leadership donors whose annual gifts provide much-needed scholarships and research grants and enhance our core and signature programs. The annual report celebrates all of you who have made St. Mary's a priority of the past, present, and future.

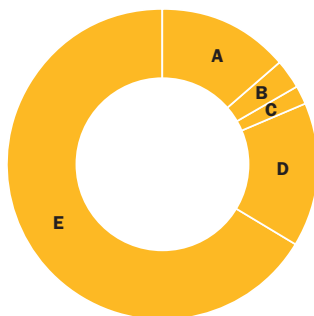

Uniting around St. Mary's is a transformative endeavor and we simply could not offer such a distinctive education without your commitment. In the days and years ahead, we will count on you to help St. Mary's uphold its promise of a public education and high standards of academic excellence.

My very best,

Maureen C. Silva

THE 1840 SOCIETY

In 1840, the Maryland legislature authorized a state-wide lottery to finance the construction of a public, non-denominational boarding seminary in St. Mary's City.

In 1992, St. Mary's College of Maryland, a residential liberal arts institution, was named the state's public honors college. While our status as a public trust and our promise of public education - affordable to all and thriving on diversity and high standards of academic excellence - stem from distinctive legislative origins, it is philanthropy that sustains our commitment to a legacy of affordability and educational rigor.

The 1840 Society recognizes leaders whose annual financial support not only transforms opportunities for students and faculty, but also plays a significant part in St. Mary's growth, success, and unique place in higher education.

Within the 1840 Society, there are five levels of giving.

Monument Circle \$25,000+

As Maryland's "living monument" to the historical significance of the colonial capital - St. Mary's City - the school exemplifies an ethos of tolerance. The "Freedom of Conscience" statue not only symbolizes St. Mary's founding and guiding principles, but also the luminaries who support the school's mission. Donors at this level have created, for example, four-year scholarships, lighting the way for students with financial need - the institution's highest priority.

Horseshoe Bend Circle \$10,000-\$24,999

The St. Mary's River has been integral to campus since the days when students traveled by steamboat. As the campus physically envelops the river, the water enriches the lives of all who study and teach here. Donors at this level have enhanced the distinctive living and learning environment that makes St. Mary's unique.

Pine Tree Hill Circle \$5,000-\$9,999

The vista from above St. John's Pond provides vantage points to the past - the first archaeological dig on the college campus was carried out here in 1967 - and to the horizon. Donors at this level have ensured new opportunities, including the resources for students to carry out St. Mary's Projects. The outcomes of these research projects or creative expressions in the arts transcend the College's boundaries and have implications in their respective fields.

Willow Oak Circle \$2,500-\$4,999

The magnificent tree growing in the Garden of Remembrance symbolizes nurture and knowledge. Donors at this level have provided, for instance, assistance grants and hope to students who are financially struggling to complete their St. Mary's degrees.

Bell Tower Circle \$1,000-\$2,499

Dedicated in 1980, the memorial carillon stands as a tribute to St. Mary's devoted leaders and supporters. Donors at this level have strengthened programs, including academic, student life, and athletic programs, that are essential to a residential campus.

Historical references taken from "St. Mary's: A 'When Did?' Timeline" (2007) by Janet B. Haugaard with Susan G. Wilkinson and Julia A. King

CLASS OF 1957 ENDOWED SCHOLARSHIP FUND

"The community here has taught me to think twice about ideas, to challenge myself and to work hard while still enjoying the beauty all around me."
— Gregory Cooke '13

The campus community is made up of 2,048 full-time students, 227 faculty, and 351 staff.

GOUGH-BROUN SCHOLARSHIP FUND

"St. Mary's has given me a very diverse education so far, as I have taken classes on Judaism, writing science fiction articles, the statistics of society, speaking Chinese, the art of picture books and many more. I really appreciate the liberal arts curriculum St. Mary's has to offer. I feel that I am becoming a

well-rounded individual in not only courses in my major, but also in other areas of interest."

– *Lucy Kuhna '13*

Cross-disciplinary minors include African & African Diaspora Studies, Asian Studies, Democracy Studies, Environmental Studies, Museum Studies, Neurosciences, and Women, Gender, & Sexuality Studies.

There are currently 88 different club activities on campus that students can join.

EMERGENCY ASSISTANCE SCHOLARSHIP FUND

"Thanks to a grant, a weight has been lifted off of my shoulders and I am able to focus on school. This grant made me understand that St. Mary's will do whatever possible to help its students in need."

– *Stephanie Owoundi '14*

The second-year retention rate is 87.3%.

"I can honestly say that my experience at St. Mary's has been great so far. I have met a very diverse group of individuals and broadened my horizons."

– *Cory Young '14*

Students represent 33 countries and 33 states.

"My experience at St. Mary's has been one marked by extreme growth and positive change. I have not only grown as a student, benefiting from the newfound ability to manage the fleeting time and develop large and small scale priorities, but I have also embraced 'The St. Mary's Way,' becoming a proactive member of

campus. I make it a goal to go out of my way to be nice to random strangers, to make someone's day, every day. It is with absolutely no doubt in my mind that I can say that this change in me is a direct effect of St. Mary's. Everything about St. Mary's has changed me for the better – the academics, the people, the beautiful campus, the programs, clubs, and organizations – you name it, it has changed me." – *Jessica Clayton '14*

MAY RUSSELL ENDOWED SCHOLARSHIP FUND

"I thrive at St. Mary's where this past semester I earned a G. P. A. of 3.9 and my third consecutive semester of the Dean's list. The small class sizes, the many friends I have made and a friendly environment all contribute to my success."

– Amanda Norman '13

Faculty to student ratio is 1:12

Average class size is 16 students

GENERAL SCHOLARSHIP FUND

"My time at St. Mary's has been filled with experiences that I will carry with me beyond graduation. I'll be graduating with honors with a degree in English and a minor in Women, Gender and Sexuality Studies. The St. Mary's signature program at the Center for Medieval and Renaissance Studies in Oxford allowed me to study abroad, an opportunity I didn't believe I would have. Overall, I have learned in ways I can't even begin to quantify due to the academic rigor at St. Mary's." – *Julia Rocha '11*

39% of the Class of 2010 studied abroad while at St. Mary's.

JOSETTE MARIE GANDARA MEMORIAL AWARD

"I am undecided about whether I want to pursue a career in medicine or education after college, but thankfully I still have time to decide. Ideally, I would love to incorporate my interests in biology and chemistry into my work."
— Elizabeth Shupe '14

25 undergraduate majors including biology, chemistry, biochemistry, and human studies.

40% of the Class of 2009 went on to graduate or professional school one year out.

ELIZABETH REYNOLDS SCHOLARSHIP IN ENVIRONMENTAL STUDIES

"I like to think that St. Mary's has been evolving along with me, as we both grow we are expanding our knowledge and appreciation of the environment around us."
