

Downloading Office 365

Office 365 refers to a subscription based plan that includes access to Office applications and other productivity services that are enabled over the Internet (cloud services). It also includes additional online storage with OneDrive.

Our current agreement allows Office 365 to be installed on personal computers of our current staff, faculty and students. Downloads are limited to 5 copies for personal computers and 5 copies for mobile devices.

Please open a support ticket at <https://servicedesk.smcm.edu> to request that your license be activated.
