THE 1840 SOCIETY

In 1840, the Maryland legislature authorized a state-wide lottery to finance the construction of a public, non-denominational boarding seminary in St. Mary's City. In 1992, St. Mary's College of Maryland, a residential liberal arts institution, was named the state's public honors college. While our status as a public trust and our promise of public education – affordable to all and thriving on diversity and high standards of academic excellence – stem from distinctive legislative origins, it is philanthropy that sustains our commitment to a legacy of affordability and educational rigor.

The 1840 Society recognizes leaders whose annual financial support not only transforms opportunities for students and faculty, but also plays a significant part in St. Mary's growth, success, and unique place in higher education.

Within the 1840 Society, there are five levels of giving.

Monument Circle \$25,000+

As Maryland's "living monument" to the historical significance of the colonial capital – St. Mary's City – the school exemplifies an ethos of toleration. The "Freedom of Conscience" statue not only symbolizes St. Mary's founding and guiding principles, but also the luminaries who support the school's mission. Donors at this level have created, for example, four-year scholarships, lighting the way for students with financial need.

Horseshoe Bend Circle \$10,000-\$24,999

The St. Mary's River has been integral to campus since the days when students traveled by steamboat. As the campus physically envelops the river, the water enriches the lives of all who study and teach here. Donors at this level have enhanced the distinctive living and learning environment that makes St. Mary's College unique.

Pine Tree Hill Circle \$5,000-\$9,999

The vista from above St. John's Pond provides vantage points to the past – the first archaeological dig on the college campus was carried out here in 1967 – and to the horizon. Donors at this level have ensured new opportunities, including the resources for students to carry out St. Mary's Projects. The outcomes of these research projects or creative expressions in the arts transcend the College's boundaries and have implications in their respective fields.

Willow Oak Circle \$2,500-\$4,999

The magnificent tree growing in the Garden of Remembrance symbolizes nurture and knowledge. Donors at this level have provided, for instance, assistance grants and hope to students who are financially struggling to complete their St. Mary's College degrees.

Bell Tower Circle \$1,000-\$2,499

Dedicated in 1980, the memorial carillon stands as a tribute to St. Mary's devoted leaders and supporters. Donors at this level have strengthened programs, including academic, student life, and athletic programs, that are essential to a residential campus.

Historical references taken from "St. Mary's: A 'When Did?' Timeline" (2007) by Janet B. Haugaard with Susan G. Wilkinson and Julia A. King.
