

Attention Students!

FA10-SP11

Participate in Psychology Research and Earn Chances to Win \$\$!

WHY PARTICIPATE?

- Research can only move forward as a function of student participation! As such, researchers (your peers) will be forever grateful to you!
- **For every study you complete, you can choose to be entered in a raffle to win 1 of 10* \$50 prizes.**

*5 winners/semester; Congratulations to FA09-SP10 winners: Skylar Bauer, Jaclyn Fiakos, Steven Gladu, Grace Gutowski, Daniel Harding, Melanie Kokolios, Chelsea McGlynn, Christine McGraw, Sarah Ott & Kevin Wehmuller!

HOW DO I PARTICIPATE?

It's easy! Throughout the academic year, Psyc Research Pool Administrator, Angie Draheim will send mass recruitment e-mails. Most will be for online studies and provide a direct link. Others may list times/locations for students to attend an in-person session. **You will earn 1 or 2 raffle entries/online survey [amount dependent on survey length] and 10 raffle entries/in-person study.**

Please note:

- 1) **Some studies have eligibility requirements (males only, females only, etc).** Please make sure you meet the requirements before you complete the study.
- 2) Students in eligible psyc classes may complete these announced studies for extra credit IF and ONLY IF they sign up for the study's timeslot using the SonaSystems website. One cannot earn extra credit AND a raffle entry.
