Request for Information: Emotional Support Animal (ESA)

NOTE: ESAs may not be brought to campus until official approval has been given from the Office of Accessibility Services (OAS) **and** the Office of Residence Life (ORL). Please submit all necessary information to allow the offices to fully consider your request.

Some websites sell certificates, registrations, and licensing documents for assistance animals to anyone who answers certain questions or participates in a short interview and pays a fee. Under the Fair Housing Act, a housing provider may request reliable documentation when an individual requesting a reasonable accommodation has a disability and disability-related need for an accommodation that are not obvious or otherwise known.

In HUD's experience, such documentation from the internet is not, by itself, sufficient to reliably establish that an individual has a non-observable disability or disability-related need for an assistance animal. (Excerpt from 2020 HUD Guidance)

We understand that having an ESA in the residence hall can offer therapeutic support through companionship to individuals with psychiatric and psychological disabilities. However, due to the practical limitations of our housing arrangements, it is essential to carefully consider the impact of the request for an ESA on both the student and the broader campus community.

The health care provider is not required to use this specific form; however, all the information requested is essential for the institution to evaluate the request for an ESA. This form is provided solely for convenience. Generally, we prefer documentation from providers in the State of Maryland or the student's home state who have personal knowledge of the student, consistent with their professional obligations.

SMCM Student Name:

SMCM Student ID:

The above-named student has indicated that you are the health care provider who has suggested that having an ESA in the residence hall will have therapeutic benefit in alleviating one or more of the identified symptoms or effects of the student's mental health disability. So that we may better evaluate the request for this accommodation, please answer the following questions:

Information About the Student's Disability

1.	Federal law defines a person with a disability as someone who has a physical or mental
	impairment that substantially limits one or more major life activities. How is the student
	substantially limited by their diagnosis?

- 2. When did you first meet with the student regarding their diagnosis?
- 3. How often have you seen the student (or plan to see the student) for counseling/treatment?
- 4. What specific symptoms is this student experiencing?
- 5. How are these symptoms mitigated by the ESA (or intended ESA)?

Information About the Proposed ESA

Note: There are certain restrictions on the types of animals permitted in the residence hall. While the student may be approved for an ESA based on the information you provide, the specific animal named may not be allowed.

Proposed ESA		
Name:		
Type of animal:		Age of animal:
Size of the cage/crate ne	eded for containment:	
	•	I this student in the past or currently? If not, whupport for the student now?
	nared a copy of the rule e in St. Mary's College h	s and restrictions surrounding the presence of ar nousing with you?
while engaged in t	ypical college activities	associated with properly caring for an animal and residing in campus housing? Do you erbate the student's symptoms in any way?
