

TAKING THE LEAD CAMPAIGN FINAL REPORT

July 1, 2020–June 30, 2025

Taking *the* LEAD

The Campaign for St. Mary's College of Maryland

THIS YEAR MARKS THE COLLEGE'S 185TH ANNIVERSARY. As we recognize the National Public Honors College, honor the leadership of the College's seventh president, Tuajuanda C. Jordan, and welcome the College's eighth president, Rhonda G. Phillips, we are proud to announce that we raised \$23,308,864 through Taking the LEAD. Ignited in July 2020, the fundraising campaign has enhanced the College's trajectory — far and wide — and will continue to do so beyond its June 2025 culmination. Here we share a sample of the impact of this ambitious campaign and acknowledge and thank our incredible alumni, families, faculty and staff, friends, and foundation and corporate partners who believe in our mission and that St. Mary's College is a worthy investment.

Professor Emeritus of the College **Don Stabile [1]**, and member of the Taking the LEAD Campaign Steering Committee, made three significant commitments totaling over \$2.6 million: one to get the quiet phase of the campaign started; one to get the public phase of the campaign started; and one that not only helped finish the campaign, but provided a catalyst for the modernization of all four of the traditional residence halls on campus. Thanks in part to Stabile's \$500,000 special challenge grant, funders in the vanguard, including Trustee **John Wobensmith '93** who contributed a six-figure gift, invested over \$1.16M to help fast-track and renovate Prince George Hall **[2]** – including upgrades to bathroom facilities and enhancements to common living areas – over the course of summer 2025.

As a SMCM Foundation Director and member of the Taking the LEAD Campaign Steering Committee, **Scott Raspa '86 [3]** championed growing the endowment throughout the campaign and generously included the College in his estate plans, making the largest gift commitment – \$4 million – in College history.

Nancy Dodge **[4]** made the biggest outright gift in the College's history to name the Nancy R. and Norton T. Dodge Performing Arts Center. Since the grand opening in September 2022, the Dodge PAC has become a symbol of community enjoyment and engagement, hosting 96,000 people and 700 events. "We are able to present global talent on a hometown stage," said Dodge PAC Executive Director Keith Hinton. "Imagine my pride when the Baltimore Symphony Orchestra asked to return to Southern Maryland's premier music venue."

We received a surprise of \$400K after Giving Tuesday 2024 from former College Trustee and SMCM Foundation Director Bill Seale **[5]**, who generously answered the call multiple times throughout Taking the LEAD.

The Landers Trust invested \$1 million to expand the Landers Scholars program **[6]**, growing from four to six first-year students selected each year. The trustees of the Arthur E. Landers Jr. and Hilda C. Landers Charitable Trust are proud to support the Landers Scholars program, which allows St. Mary's to welcome exceptional students whose academic accomplishments and commitment to service enrich this special community.

Trustee Emerita, SMCM Foundation Director and member of the Taking the LEAD Campaign Steering Committee **Bonnie Green '74** (see p.12) made a campaign gift to name the Alumni Center (formerly known as Cobb House). "Bonnie has led the way. She demonstrates what it means to be invested in a place not just for four years, but forever," said Trustee **Judy Fillius '79**. "We are not just dedicating a building, but a beacon for alumni – a space that reflects the powerful connection between past, present and future Seahawks."

Recognizing and advocating the importance of the LEAD Fund to ensure that all students can take advantage of real-world experiences blended with professional skill development, trustees **John J. Bell '95** (chair 2024-present), Paula Collins, Susan Lawrence Dyer (chair 2021-24) and **Judy Fillius '79** – along with President **Tuajuanda C. Jordan** – took the lead and made significant six-figure gifts [7].

Across the Chesapeake Bay, alumni Morgan Drzewicki '09 and Richard Barr '07 and Morgan Lum '96 created named scholarship funds to support students from the Eastern Shore.

Making planned gift commitments to honor the legacies of their loved ones, Thomas Lusby gave in memory of his daughter to the Louise Victoria Lusby Award in Economics, Jill McGovern gave in memory of her husband to the Steven Muller Distinguished Professorships of the Sciences and of the Arts, and Julia and Robin Bates, professor emeritus of English, gave in memory of their son to the Justin Bates Memorial Scholarship [8].

During the 2025 Master of Arts in Teaching hooding ceremony, **Chris Rodkey '10, MAT '11**, vice principal at Hollywood Elementary School, delivered remarks about his “educator champion,” **Dallas Dean '60**, whose mantra was “Enjoy life, be thankful and give back.” In recognition of her philanthropy, the Dallas P. Dean Learning Commons was dedicated posthumously in September 2024 [9].

Jean M. Maddox, Allan D. Wagaman '06 and Donna L. West '76 supported the campaign and their named scholarships, which recognize a variety of philanthropic goals and interests: flight training, residents of Washington County, Maryland, and environmental studies and/or biology majors respectively.

Over the course of Taking the LEAD, four majors – business administration & management, marine science, neuroscience and performing arts – launched and directly benefited from Taking the LEAD donors investing in these new academic offerings.

Making significant contributions for programming and vital equipment, The Patuxent Partnership funded the Center for the Study of Democracy and the physics program, the Kahlert Foundation funded museum studies-colonial activities, and the Sherman Fairchild Foundation funded scientific equipment [10].

Gifts to the Arts Alliance [11], established to promote and support cultural and arts-related activities and programs at the College for the enrichment and enjoyment of the Southern Maryland community, provided funding for faculty-led forums and workshops with guest speakers, artists and performers in addition to supporting cash prizes to outstanding students in arts and letters.

Private campaign support ensured track & field enhancements and the installation of new tennis court [12]

Women's Lacrosse purchased a subscription for software technology that syncs game statistics with video to be used for film sessions and analysis.

A Taking the LEAD fundraising priority was the Honors College Promise: a commitment to provide every student with the opportunity for international experiences, internships or faculty-guided research.

Isabella Ramirez '26 [13] studied abroad at the Institute for Central American Development Studies. "My experience in Costa Rica allowed me to explore a multitude of diverse environments. After designing my own independent research project, I conducted field research to generate a baseline study to be used by the local community to monitor forest recovery after decades of logging. The experience forever changed my approach to academic research."

Ben Handler '26 [14] participated in the fall 2024 and spring 2025 program in Thailand. "Studying abroad in Taiwan has been the opportunity of a lifetime for language learning and adventuring. I have gained so many new experiences and stories to tell."

Danielle Levesque '26 [15] participated in the fall 2024 program at James Cook University in Australia. "I had a life-changing adventure while studying abroad in Queensland. As a biology major hoping to go into zoology, seeing wallabies hopping all about campus, giant fruit bats flapping in the air, and a carpet python slithering around the dorm complex was a fascinating look into the incredible biodiversity our planet is home to."

Jared LeClerc '02 established the Psychology Research Analysis & Writing Teacher Assistant Fund.

"Serving as the head teaching assistant for the psychology department has empowered me to explore diverse and dynamic ways of teaching psychological research methods and statistics — an experience that has not only deepened my passion for teaching and helped me to become an academic leader but also ignited a lasting curiosity in the world of data science," said **Leo Montenegro '25**. "I am incredibly thankful to have received this funding."

4.3 MILLION DOLLARS RAISED IN PROGRAMMING SUPPORT FOR ACADEMIC DEPARTMENTS & PROGRAMS

Kendra Young Gibson '84 established the Gibson Aquarist Fund. "I'm excited to create a fund that gives students hands-on experience caring for the College's marine life and helping with important research in the Web Lab. This is the type of position I would have loved to have had as an undergrad. It's a great way for students to build skills that will really matter in their careers," said Gibson.

"Students receiving awards through the Gibson Aquarist Fund will play a crucial role in the care and maintenance of our College's diverse marine life collections. They will be responsible for creating and maintaining optimal aquatic environments, managing water quality, ensuring the health and well-being of our marine inhabitants, and supporting research and educational initiatives within the Wet Lab and STURM Lab in Schaefer Hall," said **Elka Porter**, associate professor of marine science. "This position provides a practical real-world skill set for biology, marine science and environmental studies students. We are fortunate to be able to offer this funding."

Ashani Weeraratna '91 established the Weeraratna Scientific Research Internship Fund.

Stephan Miller '85 established the Wes Jordan Neuroscience Research Fund to support the range of experiential and applied learning opportunities at the College. "I started the fund to honor **Professor Jordan** because he was such a great teacher and an important influence and mentor for me as I developed into a scientist. Through my project in his lab, I learned how to approach a question, conduct the research and write about it – all of which helped prepare me for success in graduate school and my career," said Miller.

In the Taking the LEAD campaign — from July 1, 2020 to June 30, 2025 — the SMCM Foundation raised \$23,308,864 in gifts, multi-year pledge commitments and bequests. These donors are listed here in the final campaign report. The SMCM Foundation believes in the power of informed giving, and our final campaign report serves as a reflection of our commitment to transparency and accountability. We work hard to ensure accuracy, but if you find an error or have a question, contact us at advancementoffice@smcm.edu.

For more impact, be sure to visit the Taking the LEAD website:
www.smcm.edu/taking-the-lead

TAKING THE LEAD CAMPAIGN

July 1, 2020–June 30, 2025

Special Appreciation

Along with the thousands of Taking the LEAD donors, we wish to acknowledge the leadership of **Carolyn Curry**, vice president of institutional advancement and executive director of the SMCM Foundation, who retired June 30, 2025, after 10 years of tremendous effort and remarkable achievement. Carolyn, we know you are reading this report cover to cover. Thank you for pouring your heart and soul into St. Mary's College – through whirlwinds to blue oceans. You've left an indelible mark. Forever a member of this community, be sure to visit often.
