Ireland's Global University

Study Abroad in  
**IRELAND**

---

University College Dublin

# ABOUT

STUDY ABROAD STUDENTS WILL EXPERIENCE **EXCELLENCE IN TEACHING** FROM ACADEMICS OF **THE HIGHEST CALIBER WITH INDUSTRY EXPERIENCE.**

## WHAT IS STUDY ABROAD?

UCD's Study Abroad programmes offer visiting undergraduate students a unique educational opportunity to participate fully in the academic and social life of Ireland's Global University for a semester and/or full year of study.

## ACADEMIC PROGRAMME

Students should apply for the UCD Study Abroad programme in the academic area where they are taking the majority of their modules.

- Study Abroad students can take up to six modules (classes) per semester at UCD. The minimum number of modules that students can take at UCD is four modules.
- Study Abroad students have access to the full range of undergraduate modules available at UCD, subject to prerequisites, capacity and timetabling.
- Students have the option to register for four modules within their main programme and up to two modules from across the university.
- Students are pre-registered for modules before they arrive at UCD and have up to two weeks after the start of term to change their modules.

## MODULE (COURSE) DETAILS

You can find module (course) details on the UCD online course catalogue at [www.ucd.ie/students/course\\_search.htm](http://www.ucd.ie/students/course_search.htm). Study Abroad students have the option to study stage one, introductory; stage two, intermediate; or stage three, advanced modules and stage four graduate modules in some academic areas with academic approval.

## STUDY ABROAD STUDENT SUPPORT

The Study Abroad team provides outstanding support before students leave home, when they first arrive on campus and throughout their time at UCD. The support system includes:

- Pre-arrival support and information
- Cultural transition support
- Extensive orientation programme
- Housing assistance
- Cultural-social programme
- Regular meetings throughout the semester
- Ongoing personal and academic support

## HOUSING

In most cases, UCD will place students in on-campus housing. On-campus housing is in shared apartments with single bedrooms [www.ucd.ie/residences](http://www.ucd.ie/residences). Alternatively and by request, UCD Global facilitates students in proposing suitable off-campus housing in private rented houses and apartments in Dublin.

## CULTURAL-SOCIAL PROGRAMME

One of the essential elements of the Study Abroad experience at UCD is for international students to fully understand and appreciate the richness of Irish society and culture. Our cultural-social programme will offer you the opportunity to learn about Irish culture through a series of excursions and field trips in Dublin and across Ireland.

## UCD GLOBAL LOUNGE

The UCD Global Lounge is a vibrant and comfortable space that provides a place to support the efforts of globally focused student groups and organizations. Designed by students, for students, it is the perfect place to relax and make friends while on campus.

with 24-hour security

# SUMMER PROGRAMMES

## BUSINESS SUMMER INTERNSHIP PROGRAMME

The UCD Lochlann Quinn School of Business Summer Internship is an **eight-week programme** combining academic, experiential and cultural elements into a holistic curriculum designed to ensure the student has the most engaged, international experience possible. Two weeks of intensive academic courses book-end a six-week internship placement at a leading Irish or multinational company.

The intensive academic component is comprised of two courses; one core and one elective. The elective options

currently include: Global Finance, Digital Marketing Communications, Responsible Management and Society.

- Week 1:** Orientation & courses at UCD campus
- Week 2-7:** Professional internship placement in Dublin, Monday-Thursday, approx. 32 hours/week
- Week 8:** Complete academic work and projects at UCD

[quinnstudyabroad@ucd.ie](mailto:quinnstudyabroad@ucd.ie)

## HEALTH SCIENCES SUMMER SCHOOL

This programme has two options which consist of a **two week taught tuition period and an option to spend a further two weeks** when students will work in small groups with a mentor who has experience and knowledge of a critical component of the evidence based healthcare process including: Clinical Audit, Lean Methodology, Clinical Research Centres, Systematic Review and Clinical Trials Methodology.

- Week 1-2:** Orientation, Taught Classes, and UCD's cultural-social programme on UCD campus.
- Week 3-4:** Mentor led group work to facilitate active student engagement with reflection on the complex processes and mechanisms by which evidence is translated into healthcare practice.

[international.nmhs@ucd.ie](mailto:international.nmhs@ucd.ie)

## IRISH STUDIES SUMMER SCHOOL

UCD Irish Studies Summer School runs for two to four weeks in June. This School draws on the expertise in a range of disciplines including Irish history, culture and society. Topics are addressed in lectures by leading experts in that particular field. Along with field trips to museums and cultural sites, the Summer School offers a cultural and social programme of excursions and fun events for students to explore Ireland outside the classroom. This Summer School is designed for students majoring in a range of academic areas, who would like to earn credits within Arts & Humanities.

[artsstudyabroad@ucd.ie](mailto:artsstudyabroad@ucd.ie)

## SPORTS STUDIES SUMMER SCHOOL

UCD Sports Studies Summer School runs for two to four weeks in June. This School is a unique international study experience for students from Sport and Health-related programmes. Students will gain insights on optimising an athlete's performance, in addition to learning how a sports history and culture shapes how athletes participate and prepare for competitions. Along with lectures, workshops, and group activities, the School offers a programme of excursions and fun events for students to explore Ireland outside of the classroom. This Summer School is designed for students enrolled on a broad range of sport and health-related programmes e.g. sports studies, kinesiology, athletic therapy, physical therapy, sports psychology, nutrition, and medicine.
