HISTORY OF THE COLLEGE

Authorized by the Legislature of 1839 with legislation signed by the governor in March of 1840, St. Mary's Female Seminary admitted its first students in May of 1845. This institution, established in belated commemoration of the Maryland Bicentennial at the site of the first colonial capital of Maryland, was created to provide an academy-style education for women. In 1927, this mission was expanded by adding a junior college division, making this Maryland's first public junior college. Men were admitted to the school in 1949 and the name of the institution was changed from St. Mary's Female Seminary to the St. Mary's Seminary Junior College. In 1959 the secondary school program was discontinued and the institution was accredited as St. Mary's Junior College. Finally, in 1964, the legislature authorized the development of a four-year college, changing the name to St. Mary's College of Maryland. Today, St. Mary's College of Maryland provides a high-quality liberal arts program for baccalaureate students. The College is a vital segment of the state system of higher education, offering a distinctive educational program in the public sector.

COLLEGE PROFILE

St. Mary's College of Maryland is a state-supported, four-year, coeducational liberal arts college. The College is governed by an independent Board of Trustees appointed by the Governor. Located in historic St. Mary's City, 70 miles southeast of Washington, D.C., in Tidewater Maryland, the College is part of the rich Maryland heritage.

St. Mary's is committed to being, first and foremost, a fine teaching institution. A relatively small student body of approximately 1600 students allows for a favorable faculty-student ratio. The opportunity for individual attention from teachers, coupled with the excellent national reputation of the College's faculty, has resulted in St. Mary's being able to recruit and retain some of the best students in the state of Maryland. The residential nature of the College fosters an atmosphere of learning that extends well beyond the walls of the classroom. St. Mary's has established a program and reputation among public institutions which is usually associated only with fine private liberal arts colleges.

FOOTNOTES

¹ Beginning in Fall '89, non-resident aliens are included in the tabulation of racial data. This reflects a change in State reporting requirements initiated in the fall of 1989.

² Percentages based on number of "Race Known" full-time students

³ Total number of full-time students

⁴ To be consistent with State reporting requirements, four non-resident aliens are included in the standard racial categories for Fall '89. The races of these four non-resident aliens are: Black (2), Indian (0), Asian (1), Hispanic (1), and White (0).

⁵ To be consistent with State reporting requirements, two non-resident aliens are included in the standard racial categories for Fall '89. The races of these two non-resident aliens are: Black (1), Indian (0), Asian (0), Hispanic (1), and White (0).

²Two retention statistics are reported within parentheses: the top statistic is the percentage of the freshman cohort who re-enrolled for the indicated year whereas the bottom statistic is the percentage of classmen retained from the previous year. For example, in the third entry of the "Fall '85" line, 191 (62.6), the top statistic indicates that 62.6% of the original freshman class re-enrolled for a third year (i.e., 191 of the original 305 freshmen enrolled for a third year) whereas the bottom statistic indicates that 80.6% of the freshman class who enrolled for a second year re-enrolled for a third year (i.e., 191 of the 237 classmen enrolled for a second year re-enrolled for a third year).

For example, in the third entry of the "Fall '85" line for black freshmen, 13 (76.5), the top statistic indicates that 76.5% of the original freshman black students re-enrolled for a third year (i.e., 13 of the original 17 freshman black students enrolled for a third year) whereas the bottom statistic indicates that 81.3% of the black freshman class who enrolled for a second year re-enrolled for a third year (i.e., 13 of the 16 freshmen who enrolled for a second year re-enrolled for a third year).
