PREFACE

*If we could first know where we are, and whither we are tending,
we could then better judge what to do and how to do it.*

-- Abraham Lincoln, 1858

Several changes will be found in this 2000-2001 edition of the **SMCM Factbook**. Specifically,

- At the request of the faculty senate, the term "Freshman" has been replaced with "First-year student" (FYS) in many of the data presentations,
- "Teacher Education Program Completers" has been added to the "Distribution of Graduates by Major and Division" table,
- "Degrees Awarded by Division" has been removed from the "Distribution of Graduates by Major and Division" table,
- The "Peer Institutions" table has been re-organized with "Current Peers" and "Aspirant Peers" sections,
- A list of student government association officers has been added,
- A mandatory fees column for those living on campus has been added to the "Annual Fixed Charges per Student" table,
- The "Campus Crime Statistics" table has been re-organized to comply with new federal guidelines,

and

- This is the first edition of the *Factbook* to also appear on-line at the College's Website. The on-line version may be accessed from the College's homepage (www.smcm.edu).

I wish to thank those members of the College community who supplied and verified data for this new edition of the *Factbook*. In addition, a special thanks goes to Betty Jo (BJ) Miller for her assistance during all phases of the production of this volume.

Please let me know if you find any errors or have suggestions concerning new data to include in future editions of the *Factbook*.

St. Mary's College of Maryland does not discriminate on the basis of age, citizenship, color, disability, national origin, race, religion, sex, sexual orientation, or special disabled veteran and Vietnam era veteran status in the administration of employment and educational policies, or in any other program or activity. St. Mary's does not condone harassment of any kind against any individual because of age, citizenship, color, disability, national origin, race, religion, sex, or sexual orientation. Such harassment would clearly be in conflict with the interests and purposes of the College as an educational community and in many cases with provisions of the law. Inquiries concerning the College's responsibility may be directed to the Compliance Office.

St. Mary's College of Maryland is a four-year, state-supported, liberal arts college which offers the Bachelor of Arts degree in 21 disciplines: Anthropology / Sociology, Art, Biology, Chemistry, Computer Science, Dramatic Arts, Economics, English, Foreign Language, History, Human Studies, Independent Student-designed Major, Mathematics, Music, Natural Science, Philosophy, Physics, Political Science, Psychology, Public Policy, and Religious Studies. In addition, programs of cross-disciplinary studies are offered in four areas: African and African Diaspora Studies, East Asian Studies, Environmental Studies, and Women Studies.

Total enrollment for the Fall, 2000 was 1547 (including SMCM students studying abroad or on another U.S. campus), with an FTE of 1556. Ninety percent of the student body studying on campus are full-time students, and 77% of these full-time students live on campus.

In 2000, 382 students were awarded a baccalaureate degree with 61 of these students having double majors. Biology had the greatest number of graduates (56 grads), followed by Economics (55 grads) and Psychology (51 grads).

During the Fall of 2000, the college employed 107 regular full-time faculty (non-"Visiting", Assistant through Full Professor), 9 full-time "Visiting" faculty, 2 full-time non-visiting Instructors, and 64 part-time faculty. Approximately 94% (101 of 107) of all regular full-time faculty hold doctoral or other terminal academic degrees. Since the 1982-83 academic year, St. Mary's College has had 14 Fulbright Scholars among the faculty.

St. Mary's occupies 34 buildings on a 275-acre campus on the St. Mary's River. The College's facilities include a 175,202 volume library, a multi-purpose fine arts center, a community center, an NCAA-qualifying swimming pool, an outdoor track, six tennis courts, two gymnasiums, a variety of sailboats and other water craft, and a riverfront boathouse and dock.

St. Mary's College is accredited by the Middle States Association of Colleges and Schools with additional accreditation by the National Association of Schools of Music. The Carnegie Foundation Classification Code for the College is "Baccalaureate (Liberal Arts) College I." SMCM was awarded a Phi Beta Kappa chapter in the fall of 1997.

For the fiscal year ending in 2000, the College had a total revenue of \$33.9 million. The State of Maryland provides an annual appropriation of approximately \$12.5 million. A copy of the independent auditor's report concerning the finances of the College is available in the Office of the Comptroller.

For the fiscal year ending in 2000, the total endowment funds for the college were \$21,458,495 (College Foundation Endowment = \$16,576,636 and the College Endowment = \$4,881,859).

¹ GPA based on high school academic courses only, as determined by the SMCM Admissions Office.

² GPA based on all high school courses.

³ Percentile rank: The percentage of all (nation-wide) SAT scores that were at or below the average SAT score reported for entering first-year students at SMCM. For example, in 1996, 86% of all college-bound seniors scored at or below the SMCM average of 631 attained on the verbal portion of the SAT.

⁴ Re-centered SAT scores, as reported by The College Board, are presented beginning in 1996.

¹ Percentages by racial classification are based on "Race Known" of on-campus full-time students.

² Some government reports exclude non-resident aliens (those students with, typically, an F1 visa) from racial counts. The above figures portray the racial diversity of all full-time students, regardless of visa type. The numbers of non-resident aliens included within each racial category by year are indicated in the "Af+As+H+W" column. This column header refers to the numbers of non-resident aliens included within the Afr-Am, Asian, Hispanic, and White counts, respectively. For example, the "(6+4+1+3=14)" entry in the "Af+As+H+W" column for Fall '97 indicates that 6 of the 142 Afr-Am students in Fall '97 were non-resident aliens, 4 of the 69 Asian students were non-resident aliens, etc.

¹ Calculations based on full-time faculty holding a state-authorized line. This includes full-time faculty who hold a temporary state line and are, typically, designated "Visitor." To avoid double counting of faculty lines, the following counting rules are observed: 1) count regular faculty on sabbatical but not sabbatical replacement faculty, 2) count leave-of-absence replacement faculty but not regular faculty on leave-of-absence, and 3) count only one member of split-line pairs. Appendix B provides a list of all faculty and their teaching status.

² "N" and "%" apply only to "Rank," "Highest Degree," and "Sex" categories.

³ "Split Lines" are counted as one faculty member; in Fall '00 two associate professors in philosophy occupy one line.

⁴ Terminal degrees include all doctorates, the MM, and the MFA.

⁵ a) Extra pay for administrative duties (e.g., division and department heads) is not included in salary calculations. b) "Special case" salaries (viz., salaries of those on special sabbatical, sabbatical replacement, leave-of-absence, split-line arrangements, and the Distinguished Professor) have been excluded from all salary calculations. c) Average salaries only reported for cells containing four or more faculty.

³ Decreases in average salary may arise from several sources: the hiring of "visiting" faculty within an academic rank, promotion of some of the more highly paid faculty to the next academic rank, and the attrition of highly paid faculty.

Mission Statement of
ST. MARY'S COLLEGE OF MARYLAND
for Maryland Higher Education Commission

October 30, 2000

Institutional Identity

As the State's Public Honors College, St. Mary's College of Maryland provides an undergraduate liberal arts education and a small college experience that is unique within public higher education. With a faculty of gifted teachers and distinguished scholars, a talented and diverse student body, and a low student/faculty ratio, St. Mary's College provides a challenging curriculum within an academically nurturing environment. In addition, the College fosters a sense of social responsibility and community among its students through its curriculum and campus life.

The St. Mary's curriculum stresses both intellectual breadth through broad requirements in the arts, humanities, natural sciences, and social sciences, and depth through rigorous discipline-based major programs. The senior project is simultaneously the capstone student learning experience and an important learning assessment tool. By emphasizing creative expression, the interconnected nature of knowledge, and an understanding of cultures with differing values and institutions in all aspects of the educational experience, the College prepares its students for fulfilling lives and successful professional careers in a world of increasingly rapid technological, political, economic and social change.

As a public college that is both accessible and affordable, St. Mary's provides the opportunity for academically talented students from a broad socioeconomic, ethnic, and racial spectrum to acquire a liberal arts education. This diversity creates a rich academic and social environment that enhances the education provided by the College.

Created in 1840 as a living memorial to Maryland's colonial founders and their ideals of tolerance and innovation, St. Mary's College is the oldest public institution of higher education in Maryland. St. Mary's maintains its identity as a residential liberal arts institution, fostering principles of diversity, civic mindedness, and intellectual exploration. The College offers academic and extracurricular programs that build upon the rich historical, cultural, and natural environments that come from its affiliation with Historic St. Mary's City and location on the banks of the St. Mary's River within the Chesapeake tidewater.

An independent board of trustees governs St. Mary's College of Maryland. With a Carnegie classification of Baccalaureate (Liberal Arts) College I, St. Mary's is the only Maryland public institution of higher education and one of only seven nationally having this classification.

Institutional Capabilities

St. Mary's stresses student learning through extensive student-faculty interaction, the use of effective learning pedagogies, and systematic faculty development. The College believes that excellent teaching is enriched by the knowledge and skills developed in research and other professional activities. Such experiences are also important for students, and the senior project provides the opportunity for students to develop intellectually and creatively in ways not possible through traditional classroom instruction. St. Mary's encourages a sense of individual and civic responsibility by emphasizing notions of community and supporting cooperative or collaborative endeavors in both academic and extracurricular life.

Institutional Size and Enrollment. St. Mary's distinctive role within public higher education in Maryland is to provide a liberal arts education in a small residential campus environment. The small size fosters the intellectual traditions of the liberal arts college and builds a sense of community. The low student/faculty ratio allows for close interactions between students and faculty, both in and outside of the classroom. Small classes stimulate faculty to use innovative teaching methods, largely based upon experiential, inquiry-based learning. Faculty members serve as mentors to students working on independent research experiences. Outside of the classroom, all full time faculty members serve as academic advisors to students.

St. Mary's has the capacity to accommodate growth to help meet the increasing demand for postsecondary education in Maryland.

Preparation for Post-baccalaureate Education. Traditionally, a large share of all liberal arts college graduates seeks a post-baccalaureate education. A majority of St. Mary's College graduates pursue graduate or professional education. We encourage and support this goal for all students. The learning environment is experiential, investigative and inquiry-based. In addition, students are encouraged to perform a year-long senior project under the direction of a faculty mentor.

The Access Mission. As a public institution, St. Mary's College is committed to its role in providing equal access to higher education. As a public institution with affordable tuition, relative to other liberal arts colleges, the College is in a unique position to offer a liberal arts education to first generation and to economically disadvantaged students. The College also seeks to expand the proportion of enrollment accounted for by minority students through increased numbers of minority faculty members, an inclusive curriculum, and additional financial assistance.

Preparation of K-12 Teachers. The College is committed to providing "model" preparation for K-12 teachers. All St. Mary's graduates who are certified to teach must obtain a discipline major. In addition, we require that student teachers spend significant time in the K-12 schools themselves as part of their preparation. The educational studies programs and faculty are deeply integrated into the local school systems. Our faculty members are leaders in helping K-12 teachers learn how to incorporate instructional technology into curricula and classrooms in pedagogically meaningful ways. The College is a state-wide leader in modeling the most appropriate education for teachers. We aspire to meet all of the substantive recommendations of the teacher education redesign task force of 1996. Moreover, we will expand the number of

graduates who obtain certification. The College will continue to provide in-service training opportunities for K-12 teachers.

Information Technology. St. Mary's College of Maryland believes that students must understand and use effectively and creatively information technology. The skillful use of information technology is an increasingly important part of every dimension of life. For this reason, the College strives to expand access to information services for the entire SMCM community, build and maintain a technology infrastructure that is state-of-the-art, and develop a staff that is committed to and expert in the use of information technology. In short, the College seeks to integrate information technology into virtually every dimension of the operation of the College, and to incorporate it throughout the curriculum as part of well-defined learning objectives.

Partnerships. St. Mary's College of Maryland values its role in and relationship to the local community and the State of Maryland. With a liberal arts curriculum directed toward building a broad education and a sense of perspective, St. Mary's seeks to prepare its students for leadership and participation in a changing world. Given this value, St. Mary's has developed an array of affiliations and partnerships with agencies that enrich our offerings to students and provide a public service to the citizens of Maryland. These relationships include ties to other academic institutions, community service organizations, scholarly consortia, and federal government agencies.

Within the last year the College developed collaborative degree programs with Johns Hopkins University and Towson University and recently partnered with Washington College for study abroad offerings. The College library staff is a member of the Maryland Council of Library Directors consortium that provides for the sharing of library resources and services. Faculty members and students at the college work closely with researchers and scholars at the Chesapeake Biological Laboratories in Solomon's Island, Society for Historical Preservation, The MAC Lab, Jefferson Patterson Park in Calvert County, and of course with our state-endorsed affiliation partner, Historic St. Mary's City. Our students benefit from internship opportunities reserved for the College by the Departments of Energy and Transportation, and a co-op program sponsored by local government contractors for our computer science majors. The College also maintains an educational and facility use agreement with the Patuxent Naval Base in Lexington Park.

College Strengths from Location: Historic St. Mary's City and the Chesapeake Tidewater. St. Mary's location at historic St. Mary's City on the banks of the tidal St. Mary's River provides unique opportunities for environmental, historical, cultural and public policy studies. These opportunities are realized through course related activities, faculty scholarship, student research and special programs. They are further supported by partnerships and collaborative relationships with local, state, federal and corporate organizations. The College will continue to strengthen programs with direct connections to our location and community.

Community Services. College faculty, staff and students are key volunteers to both public and private organizations in the community. The athletic, recreational, and meeting facilities of the College serve as unique and valuable resources to the surrounding community and region. The College hosts an extensive series of lectures, concerts, exhibits, sports competitions, and other events to which the public is welcome. In addition, the College acts as a resource to the

surrounding community by providing athletic facilities to local teams, extensive community swim hours in its natatorium, reception and convention facilities (especially important during summer months), and informal gathering places that enrich the lives of area residents.

Cost Effectiveness. Institutional operations were found to be efficient in recent assessment reports from peers and consultants. The College is distributing its resources effectively to meet its goals and objectives. Excellent average incoming SAT scores and GPAs and the highest four-year graduation rate in the State are measures of the commitment and success of the College in educating and graduating its students.

Institutional Objectives and Outcomes

The best description of the goals for the College is contained in the College's Managing for Results Plan. The major goals of the College, taken from the Plan, are enumerated below.

Goal 1. Strengthen the quality of instructional offerings; in particular, implement the curricular proposals embodied in the Honors College plan approved by the faculty.

Goal 2. Recruit, support, and retain a diverse group of students, faculty and administrative staff who will contribute to and benefit from the enriched academic and cultural environment provided by St. Mary's.

Goal 3. Increase the effectiveness of the learning environment at the College.

Goal 4. Enhance the quality of co-curricular and extracurricular student life.

Goal 5. Increase access for all students by increasing the amount of institutional financial assistance available.

Goal 6. Increase our contribution to economic development in Maryland.

Goal 7. Increase student and alumni participation in and contributions to civic activities in the Maryland community.

Goal 8. Increase our contribution to the Maryland workforce.
