PREFACE

*If we could first know where we are, and whither we are tending,
we could then better judge what to do and how to do it.*

-- Abraham Lincoln, 1858

Several changes will be found in this 2002-2003 edition of the **SMCM Factbook**. Specifically,

- A "Suites" column has been added to the "Living Arrangements of Full-time Students" table to provide a separate tabulation of Lewis Quad residents,
- The "Retention of First-time Full-time First-year Students" table has been redesigned to provide greater detail by graduation year,
- The "Retention of First-time Full-time First-year Students by Race" table has been redesigned to provide greater detail by graduation year,
- The "Profile of the College Library" table has been redesigned to better conform with standard library reporting practices,
- A "Cross-disciplinary Studies" section has been added to the "Students by Major and Other Programs" table,
- A "Teacher Education Program" section has been added to the "Students by Major and Other Programs" table,
- A "Cross-disciplinary Studies" section has been added to the "Distribution of Graduates by Major and Other Programs" table.

and

- The "Commencement Speakers, Honorary Degrees, and Valedictorians" table has been reformatted.

I wish to thank those members of the College community who supplied and verified data for this new edition of the *Factbook*. In addition, a special thanks goes to Fran Lanzer for his assistance during all phases of the production of this volume.

Please let me know if you find any errors or have suggestions concerning new data to include in future editions of the *Factbook*.

St. Mary's College of Maryland does not discriminate on the basis of age, citizenship, color, disability, national origin, race, religion, sex, sexual orientation, or special disabled veteran and Vietnam era veteran status in the administration of employment and educational policies, or in any other program or activity. St. Mary's does not condone harassment of any kind against any individual because of age, citizenship, color, disability, national origin, race, religion, sex, or sexual orientation. Such harassment would clearly be in conflict with the interests and purposes of the College as an educational community and in many cases with provisions of the law. Inquiries concerning the College's responsibility may be directed to the Office of Public Safety.

St. Mary's College of Maryland is a four-year, state-supported, liberal arts college which offers the Bachelor of Arts degree in 22 disciplines: Anthropology / Sociology, Art and Art History, Biochemistry, Biology, Chemistry, Computer Science, Dramatic Arts, Economics, English, History, Human Studies, Independent Student-designed Major, International Languages and Cultures, Mathematics, Music, Natural Science, Philosophy, Physics, Political Science, Psychology, Public Policy Studies, and Religious Studies. In addition, programs of cross-disciplinary studies are offered in four areas: African and African Diaspora Studies; East Asian Studies; Environmental Studies; and Women, Gender, and Sexuality Studies.

- Total enrollment for Fall 2002 was 1823 (including 27 SMCM students studying abroad or on another U.S. campus), with an FTE of 1836. Ninety-two percent of the students attend full-time, and 79% of these full-time students live on campus.

In 2002, 328 students were awarded a baccalaureate degree with 38 of these students having double majors. Biology had the greatest number of graduates (55 grads), followed by Economics (53 grads) and Psychology (39 grads).

During the Fall of 2002, the College employed 109 regular full-time faculty (non-"Visiting", Assistant through Full Professor), 17 full-time "Visiting" faculty, 3 full-time non-visiting Instructors, and 82 part-time faculty. All (109 of 109, or 100%) regular full-time faculty hold doctoral or other terminal academic degrees. Since 1982, St. Mary's College has had 17 Fulbright Scholars on its faculty.

St. Mary's occupies 39 buildings on a 275-acre campus on the St. Mary's River. The College's facilities include a multi-purpose fine arts center, a student center, a community center, campus residences, an auditorium, an NCAA-qualifying swimming pool, an outdoor track, six tennis courts, two gymnasiums, a variety of sailboats and other water craft, and a riverfront boathouse and dock.

St. Mary's College is accredited by the Middle States Association of Colleges and Schools with additional accreditation by the National Association of Schools of Music. The Carnegie Foundation Classification Code for the College is "Baccalaureate (Liberal Arts) College I." SMCM was awarded a Phi Beta Kappa chapter in the fall of 1997.

For the fiscal year ending in 2002, the College had a total revenue of \$41.9 million. The State of Maryland provides an annual appropriation of approximately \$14.7 million. A copy of the independent auditor's report concerning the finances of the College is available in the Office of the Comptroller.

For the fiscal year ending in 2002, the total market value of endowment assets was \$25,243,069.

¹Full-time when registering to live on campus. Hence, this number may differ from the official "freeze date" census data reported elsewhere in the Factbook.

²Percentage of students at specified class level living in the specified housing type. For example, 91.2% (or 426 / 467 x 100) of all first-year students living on campus lived in a residence hall in Fall 2002.

³Includes exchange students and others granted special permission to live on campus.

¹ Full-time students only.² GPA based on high school academic courses only, as determined by the SMCM Admissions Office.³ GPA based on all high school courses.⁴ Percentile rank: The percentage of all (nation-wide) SAT scores that were at or below the average SAT score reported for entering first-year students at SMCM. For example, in 1996, 86% of all college-bound seniors scored at or below the SMCM average of 631 attained on the verbal portion of the SAT.⁵ Re-centered SAT scores, as reported by The College Board, are presented beginning in 1996.

¹ Percentages by racial classification are based on "Race Known" of on-campus full-time students.

² Some government reports exclude non-resident aliens (those students with, typically, an F1 visa) from racial counts. The above figures portray the racial diversity of all full-time students, regardless of visa type. The numbers of non-resident aliens included within each racial category by year are indicated in the "Af+As+H+W" column. This column header refers to the numbers of non-resident aliens included within the Afr-Am, Asian, Hispanic, and White counts, respectively. For example, the "(1+3+1+7=12)" entry in the "Af+As+H+W" column for Fall '01 indicates that 1 of the 115 Afr-Am students in Fall '01 were non-resident aliens, 3 of the 59 Asian students were non-resident aliens, etc.

¹ The top percentage is the percentage of first-year students who re-enrolled for the indicated year. For example, as indicated in the "Re-enrolled 3rd Year" column of the "Fall '96" line, 83.3% of the Fall '96 first-year student class re-enrolled for a third year (i.e., 260 of the 312 Fall '96 first-year students re-enrolled for a third year). The bottom percentage shows year-to-year retention. For example, as indicated in the "Re-enrolled 3rd Year" column on the "Fall '96" line, 92.9% of the first-year student class that enrolled for a second year re-enrolled for a third year (i.e., 260 of the 280 enrolled for a second year re-enrolled for a third year).

² The top percentage is the percentage of first-year students who graduated in the indicated years. For example, as indicated in the "Graduated 5 Years" column of the "Fall '96" line, 9.9% of the Fall '96 first-year student class graduated in 5 years (i.e., 31 of the 312 Fall '96 first-year students took 5 years to graduate). The bottom percentage is the percentage of first-year students who graduated in or before the indicated year. For example, as indicated in the "Graduated 5 Years" column of the "Fall '96" line, 80.8% of the Fall '96 first-year student class graduated in 5 years or less; i.e., 252 (3 3-year grads + 218 4-year grads + 31 5-year grads) of the 312 Fall '96 first-year students graduated in 5 years or less.

*Definitions for "Classes" and "Subsections" conform with the Common Data Set. "Classes" refers to credit-bearing courses identified with a discipline and number that meet in a classroom or similar setting and are not laboratory or discussion sections. Individual instruction offerings (e.g., Independent Study, St. Mary's Project, etc.) are excluded from the "Classes" tabulation, and cross-listed courses are included only once (enrollments of cross-listed sections are combined). "Subsections" (e.g., lab sections, calculus exam, discussion sections) are associated with but meet separately from the lecture portion of credit-bearing courses. Enr = 1, a category not included in the Common Data Set, includes individual instruction such as Independent Study, St. Mary's Project, private music instruction, etc.

Teacher Education Program: In addition to the above majors and cross-disciplinary study areas, the College has fully accredited teacher certification programs in all areas: elementary education; English; math; social studies; biology; chemistry; physics; modern foreign languages for grades 7 through 12; and art, music, and theater for grades K-12. All teacher certification programs at SMCM have full program approval from the Maryland State Department of Education and, as a result, lead to reciprocity for certification in the majority of other states.

¹Includes SMCM students studying abroad or on other campuses in the U.S.

¹ Full-time faculty by discipline are listed in Appendix B.² Includes one person on sabbatical.³ Includes two people on sabbatical.⁴ Includes one full-time administrator.⁵ Includes faculty replacing regular faculty on leave.⁶ Split lines are counted as one full-time faculty position.⁷ To avoid double counting, replacement faculty for regular faculty on sabbatical are not counted.⁸ Faculty on leave-of-absence are not included.⁹ Some part-time faculty teach courses in more than one discipline.

Such faculty are included in the "PT" total for each discipline and division but are counted only once in the overall "PT" total.

¹⁰ All 108 of the state-authorized faculty lines were filled in Fall '96.¹¹ One of the 111 state-authorized faculty lines was vacant in Fall '97.¹² Two of the 114 state-authorized faculty lines were vacant in Fall '98.¹³ One of the 118 state-authorized faculty lines was vacant in Fall '99.¹⁴ Two of the 120 state-authorized faculty lines were vacant in Fall '00.¹⁵ Three of the 122 state-authorized faculty lines were vacant in Fall '01.¹⁶ Two of the 121 state-authorized faculty lines were vacant in Fall '02.¹⁷ Includes 1 Geology instructor.¹⁸ Includes 1 Astronomy instructor.

¹ Calculations based on full-time faculty holding a state-authorized line. This includes temporary full-time faculty who hold a state line and are, typically, designated "Visitor." To avoid double counting of faculty lines, the following counting rules are observed: 1) count regular faculty on sabbatical but not sabbatical replacement faculty, 2) count leave-of-absence or leave replacement faculty but not regular faculty on leave-of-absence or leave, and 3) count only one member of split-line pairs. Appendix B provides a list of all faculty and their teaching status.

² "N" and "%" apply only to "Rank," "Highest Degree," and "Sex" categories.

³ Terminal degrees include all doctorates, the MM, and the MFA.

⁴ a) Extra pay for administrative duties (e.g., division and department heads) is not included in salary calculations. b) full regular salaries are used for faculty on full-year sabbaticals. c) "Special case" salaries (viz., salaries of those on leave-of-absence or leave, sabbatical replacements, split-line arrangements, and the Distinguished Professor) have been excluded from all salary calculations. d) Average salaries only reported for cells containing four or more faculty.

³ Decreases in average salary may arise from several sources: the hiring of "visiting" faculty within an academic rank, promotion of some of the more highly paid faculty to the next academic rank, and the attrition of highly paid faculty.

Mission Statement of
ST. MARY'S COLLEGE OF MARYLAND
for Maryland Higher Education Commission

October 30, 2000

Institutional Identity

As the State's public honors college, St. Mary's College of Maryland provides an undergraduate liberal arts education and a small-college experience that is unique within public higher education. With a faculty of gifted teachers and distinguished scholars, a talented and diverse student body, and a low student/faculty ratio, St. Mary's College provides a challenging curriculum within an academically nurturing environment. In addition, the College fosters a sense of social responsibility and community among its students through its curriculum and campus life.

The St. Mary's curriculum stresses both intellectual breadth through broad requirements in the arts, humanities, natural sciences, and social sciences, and depth through rigorous discipline-based major programs. The senior project is simultaneously the capstone student learning experience and an important learning assessment tool. By emphasizing creative expression, the interconnected nature of knowledge, and an understanding of cultures with differing values and institutions in all aspects of the educational experience, the College prepares its students for fulfilling lives and successful professional careers in a world of increasingly rapid technological, political, economic and social change.

As a public college that is both accessible and affordable, St. Mary's provides the opportunity for academically talented students from a broad socioeconomic, ethnic, and racial spectrum to acquire a liberal arts education. This diversity creates a rich academic and social environment that enhances the education provided by the College.

Created in 1840 as a living memorial to Maryland's colonial founders and their ideals of tolerance and innovation, St. Mary's College is the oldest public institution of higher education in Maryland. St. Mary's maintains its identity as a residential liberal arts institution, fostering principles of diversity, civic mindedness, and intellectual exploration. The College offers academic and extracurricular programs that build upon the rich historical, cultural, and natural environments that come from its affiliation with Historic St. Mary's City and location on the banks of the St. Mary's River within the Chesapeake tidewater.

An independent board of trustees governs St. Mary's College of Maryland. With a Carnegie classification of Baccalaureate (Liberal Arts) College I, St. Mary's is the only Maryland public institution of higher education and one of only seven nationally having this classification.

Institutional Capabilities

St. Mary's stresses student learning through extensive student-faculty interaction, the use of effective learning pedagogies, and systematic faculty development. The College believes that excellent teaching is enriched by the knowledge and skills developed in research and other professional activities. Such experiences are also important for students, and the senior project provides the opportunity for students to develop intellectually and creatively in ways not possible through traditional classroom instruction. St. Mary's encourages a sense of individual and civic responsibility by emphasizing notions of community and supporting cooperative or collaborative endeavors in both academic and extracurricular life.

Institutional Size and Enrollment. St. Mary's distinctive role within public higher education in Maryland is to provide a liberal arts education in a small residential campus environment. The small size fosters the intellectual traditions of the liberal arts college and builds a sense of community. The low student/faculty ratio allows for close interaction between students and faculty, both in and outside of the classroom. Small classes stimulate faculty to use innovative teaching methods, largely based upon experiential, inquiry-based learning. Faculty members serve as mentors to students working on independent research experiences. Outside of the classroom, all full time faculty members serve as academic advisers to students.

St. Mary's has the capacity to accommodate growth to help meet the increasing demand for postsecondary education in Maryland.

Preparation for Post-baccalaureate Education. Traditionally, a large share of all liberal arts college graduates seeks a post-baccalaureate education. A majority of St. Mary's College graduates pursue graduate or professional education. We encourage and support this goal for all students. The learning environment is experiential, investigative, and inquiry-based. In addition, students are encouraged to perform a year-long senior project under the direction of a faculty mentor.

The Access Mission. As a public institution, St. Mary's College is committed to its role in providing equal access to higher education. As a public institution with affordable tuition, relative to other liberal arts colleges, the College is in a unique position to offer a liberal arts education to first generation and to economically disadvantaged students. The College also seeks to expand the proportion of enrollment accounted for by minority students through increased numbers of minority faculty members, an inclusive curriculum, and additional financial assistance.

Preparation of K-12 Teachers. The College is committed to providing "model" preparation for K-12 teachers. All St. Mary's graduates who are certified to teach must obtain a discipline major. In addition, we require that student teachers spend significant time in the K-12 schools themselves as part of their preparation. The educational studies programs and faculty are deeply integrated into the local school systems. Our faculty members are leaders in helping K-12 teachers learn how to incorporate instructional technology into curricula and classrooms in pedagogically meaningful ways. The College is a state-wide leader in modeling the most appropriate education for teachers. We aspire to meet all of the substantive recommendations of the teacher education redesign task force of 1996. Moreover, we will expand the number of

graduates who obtain certification. The College will continue to provide in-service training opportunities for K-12 teachers.

Information Technology. St. Mary's College of Maryland believes that students must understand and use information technology effectively and creatively. The skillful use of information technology is an increasingly important part of every dimension of life. For this reason, the College strives to expand access to information services for the entire SMCM community, build and maintain a technology infrastructure that is state-of-the-art, and develop a staff that is committed to and expert in the use of information technology. In short, the College seeks to integrate information technology into virtually every dimension of the operation of the College, and to incorporate it throughout the curriculum as part of well-defined learning objectives.

Partnerships. St. Mary's College of Maryland values its role in and relationship to the local community and the State of Maryland. With a liberal arts curriculum directed toward building a broad education and a sense of perspective, St. Mary's seeks to prepare its students for leadership and participation in a changing world. Given this value, St. Mary's has developed an array of affiliations and partnerships with agencies that enrich our offerings to students and provide a public service to the citizens of Maryland. These relationships include ties to other academic institutions, community service organizations, scholarly consortia, and federal government agencies.

Within the last year the College has developed collaborative degree programs with Johns Hopkins University and Towson University and recently partnered with Washington College for study abroad offerings. The College library staff is a member of the Maryland Council of Library Directors consortium that provides for the sharing of library resources and services. Faculty members and students at the College work closely with researchers and scholars at the Chesapeake Biological Laboratories in Solomon's Island, Society for Historical Preservation, The MAC Lab, Jefferson Patterson Park in Calvert County, and of course with our state-endorsed affiliation partner, Historic St. Mary's City. Our students benefit from internship opportunities reserved for the College by the Departments of Energy and Transportation, and a co-op program sponsored by local government contractors for our computer science majors. The College also maintains an educational and facility use agreement with the Patuxent Naval Base in Lexington Park.

College Strengths from Location: Historic St. Mary's City and the Chesapeake Tidewater. St. Mary's location at historic St. Mary's City on the banks of the tidal St. Mary's River provides unique opportunities for environmental, historical, cultural and public policy studies. These opportunities are realized through course related activities, faculty scholarship, student research, and special programs. They are further supported by partnerships and collaborative relationships with local, state, federal and corporate organizations. The College will continue to strengthen programs with direct connections to our location and community.

Community Services. College faculty, staff, and students are key volunteers to both public and private organizations in the community. The athletic, recreational, and meeting facilities of the College serve as unique and valuable resources to the surrounding community and region. The College hosts an extensive series of lectures, concerts, exhibits, sports competitions, and other events to which the public is welcome. In addition, the College acts as a resource to the

surrounding community by providing athletic facilities to local teams, extensive community swim hours in its pool, reception and convention facilities (especially important during summer months), and informal gathering places that enrich the lives of area residents.

Cost Effectiveness. Institutional operations were found to be efficient in recent assessment reports from peers and consultants. The College is distributing its resources effectively to meet its goals and objectives. Excellent average incoming SAT scores and GPAs and the highest four-year graduation rate in the State are measures of the commitment and success of the College in educating and graduating its students.

Institutional Objectives and Outcomes

The best description of the goals for the College is contained in the College's Managing for Results Plan. The major goals of the College, taken from the Plan, are enumerated below.

Goal 1. Strengthen the quality of instructional offerings; in particular, implement the curricular proposals embodied in the Honors College plan approved by the faculty.

Goal 2. Recruit, support, and retain a diverse group of students, faculty and administrative staff who will contribute to and benefit from the enriched academic and cultural environment provided by St. Mary's.

Goal 3. Increase the effectiveness of the learning environment at the College.

Goal 4. Enhance the quality of co-curricular and extracurricular student life.

Goal 5. Increase access for all students by increasing the amount of institutional financial assistance available.

Goal 6. Increase our contribution to economic development in Maryland.

Goal 7. Increase student and alumni participation in and contributions to civic activities in the Maryland community.

Goal 8. Increase our contribution to the Maryland workforce.
