| Undergraduate* | 1544 | 1539 TE - 432 F | 1539 TE - 432 F | 1531 - 400 F | | The enrollment of new students is projected to be less than what was proposed in the tuition model because of the uncertainty associated with the flawed FAFSA rollout. As of 05/23/2024, the rate of deposits is ~2 /day. The soft deposit deadline is June 1. Although we expect the rate to increase as we get closer to that date, we have predicted conservatively that the 5/23 gap of 60 will be reduced to 40, resulting in a student headcount of 1531 rather than the originally |
| In-State Full-Time Student Head Count | 1401 | 1362 | (39) | 1403 | 41 | This projection includes all in-state full-time students as well as in-state students who wil be studying abroad and paying in-state tuition. |

| Mandatory Fees Graduate | | 28,080 | 28,080 | 87,948 | | The mandatory and program fees for each MAT student is \$4,886. |
| Mandatory Fees Part-Time Students | | 92,462 | 92,462 | 97,451 | | The mandatory fees per part-time student is \$48.75 per credit hour. |
| Other Fees (Course fees, graduations fees, etc.) | 686,713 | 810,000 | 123,287 | 794,720 | (15,280) | The lower projection is due to the lower new student enrollment (-40) attributed to the faculty FAFSA rollout. |
| Reduction for Mandatory Fees Transferred to Student Government Association (SGA) | | (411,280) | | (425,250) | | This is a portion of the mandatory fees that is transferred to the Student Government Association (SGA) for their initiatives. The amount is \$270 from the \$3,120 mandatory fee paid by all full-time undergraduate and \$4,886 paid by the MAT students. |
| Reduction for Mandatory Fees Transferred to Plant Facility Fund | | (1,517,166) | | (1,568,700) | | This is a portion of the mandatory fees that is transferred to the plant facility fund which is used for board approved plant budget projects. This is \$996 from the \$3,120 mandatory fee paid by all full-time students undergraduate and \$4,886 paid by MAT students. |
| Sub-Total Fees Revenue | 3,484,609 | 3,726,584 | 241,975 | 3,844,009 | 117,426 | |

| General Fund Addition* (FY24 COLA increase) | - | 1,078,935 | | 1,078,935 | - | For FY24, the state issued a budget amendment to cover costs from July 1, 2023 COLA in the amount of \$1,078,935. This is a permanent addition to the base budget that the State will add to the College's general fund for FY25 at the appropriate time. |
| HEIF | 2,549,840 | 2,549,840 | - | 2,549,840 | - | Legislated appropriation from the Higher Education Investment Fund. |
| Sub-Total State Appropriation Revenue | 39,184,840 | 40,263,775 | 1,078,935 | 40.480.450 | 216,675 | |

FY25 Key Budget Assumptions Exhibit B

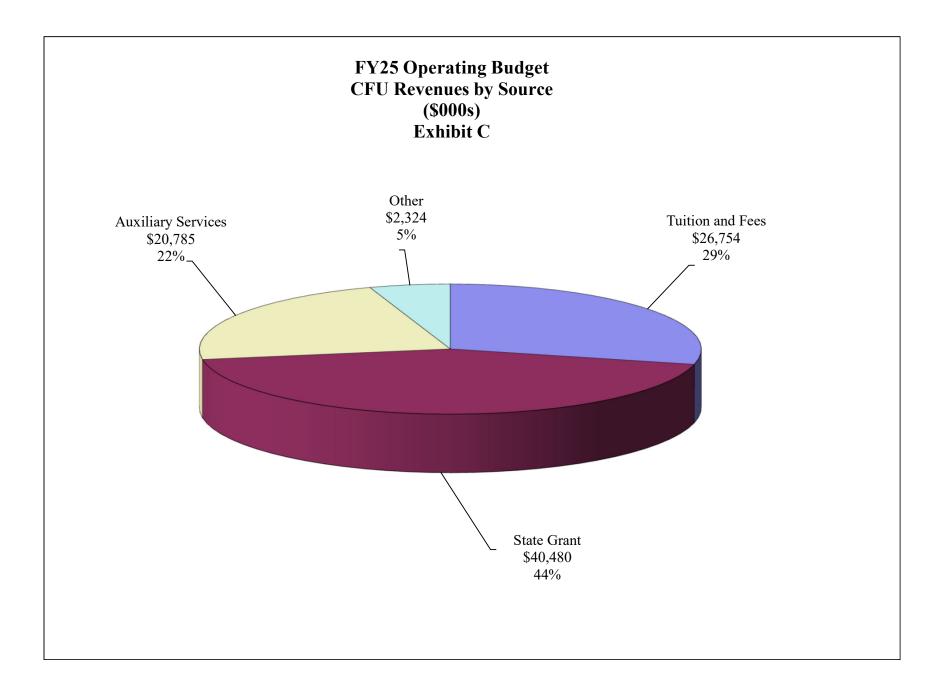

Revenues

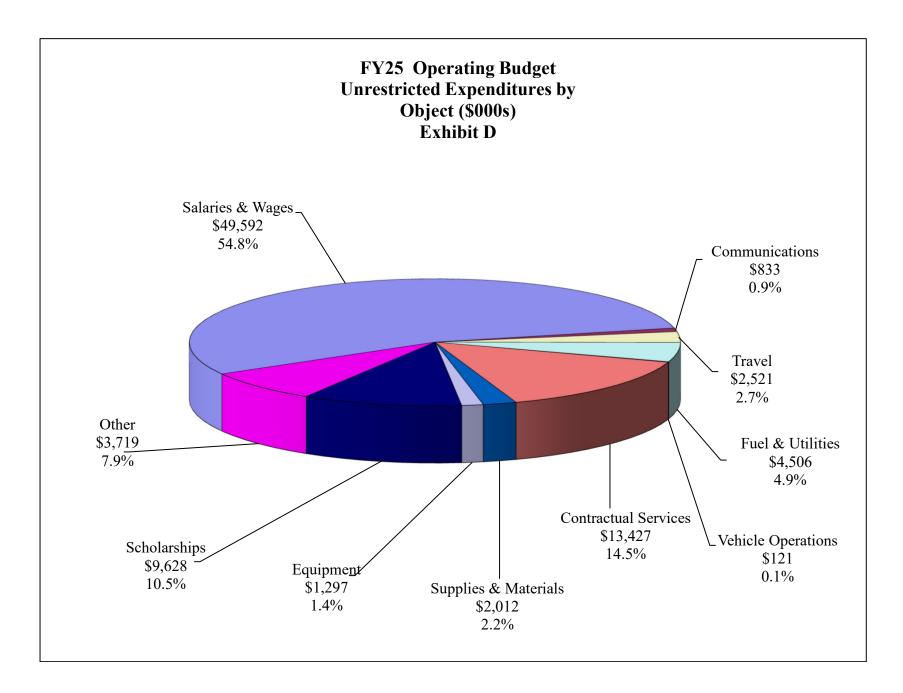

The FY25 revenue budget has increased \$668K (0.76%) over the FY24 revenue budget primarily due to increase in state support, tuition, and auxiliary enterprise revenues. Enrollment counts were reduced by 40 for budgeting purposes instead of 100% of the projected enrollment.

The state appropriation increased \$1.296M over the FY24 representing the block grant inflator, and annualization of FY24 COLA salary funding. We are working with DBM to confirm that the recent amendment for FY24 for the COLA increases will be used to recalculate the FY25 appropriation.

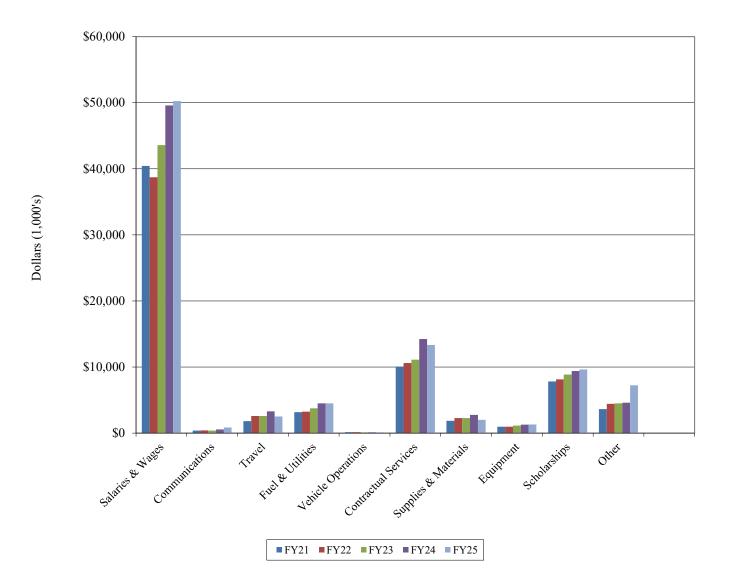

Expenditures

The FY25 current fund unrestricted expenditure budget, detailed in Exhibit A, increases a total of \$416K (0.47%) over the FY24 expenditure budget consisting of new required expenditures, a salary pool for faculty and wage increases, annualization of prior year salary changes, operational budget changes due to the results of strategic initiatives additions.

Relationship Between St. Mary's College of Maryland and the St. Mary's College of Maryland Foundation

- 1. Can we anticipate what Foundation moneys will be spent for the upcoming year for budgeting purposes or do we not know until the College "asks" for the money in the budget execution year? There are few recurring expenses with one, Scholarships, being highly variable regarding the amount that is transferred to the College annually. Please see the following table.
- 2. Academics What do we support for new programs can we break it out like labs, salaries, boats, etc. These are variable and non-recurring. Generally, a specific component is supported for a short period time, generally once. According to the business models for new programs, the College fully supports new programs. However, it is understood that the programs should be self-sustaining within 5-7 years via enhanced enrollment.
- 3. How much scholarship funding is provided by the Foundation. We need to fully understand our Financial Aid position. The typical range is between \$250k \$850k a year depending on the spend rate and yield of the endowment. The College's financial aid budget is >\$8M annually. Thus, Foundation support is an add on, not the foundation.
- 4. How much spending is on athletics? The Athletics budget is within Student Affairs. Monies to support Athletics from the Foundation are donor restricted and support special initiatives and/or one-time costs. As we look at our athletics facilities and our D3 status to further attract students, we need to understand what it costs today.
- 5. Realization of LEAD. The President has set up LEAD to elevate the institution. What does it take for this realization? The Foundation only covers one-time costs and/or short-term pilots of special initiatives.
- 6. Community outreach concerts? Mostly from sponsorships; some private donors and the College's operating budget. What else in that category?
- 7. Alumni support Not sure if any funds are spent on that Pretty much self-sustaining.
- 8. Miscellaneous: Foundation supports many smaller asks. Trying to find a way to ensure you can show 100% of what is provided to the College. These generally come from donor-restricted funds. Recipients spend the monies as needed sporadically.
- Any other category left out? No We want insight on the dependence on the Foundation work and level of funding. Not questioning how funds are used or even when. Just how it flows/works.
