

ST MARY'S

COLLEGE of MARYLAND

The Public Honors College

Non-Degree Student Computer and Blackboard Accounts

After the non-degree student has paid and registered for class(es), s/he goes to Baltimore Hall Help Desk and fills out the Computer Account form (Included in your form received after applying). After a minimum of 24 hours (needed for the system to update and the request to be processed), the student can return to the Baltimore Hall Help Desk to receive his/her password and ID card.

Blackboard

Within 24 hours of a student's registration for a course, the student will have access to the individual course in Blackboard IF the instructor has added the course to Blackboard.

Blackboard can be accessed one of two ways. Users can:

Enter the url: blackboard.smcm.edu into their browsers's address bar.

OR

Access the system via InsideSMCM:

1. Access InsideSMCM from the St. Mary's College of Maryland site.

2. Click Blackboard icon: 

Logging in to Blackboard

Blackboard 9 requires valid SMCM network credentials, this is the password and username combination required to sign in to your Portal and SMCM Google Apps accounts.

1. Navigate to the SMCM Blackboard login page.
2. Enter your SMCM username and password in the appropriate boxes.

The screenshot shows the Blackboard login interface. At the top left is the Blackboard logo (Bb). Below it are language selection links: Dansk (Danmark), Deutsch (Deutschland), English (United States), and K-12 English (United States). The main heading is "Have an account?" followed by the instruction "Please enter your credentials and click the Login button below." There are two input fields: "Username:" with the text "dyfunny" and "Password:" with a masked password of ".....". A blue "Login" button is positioned below the password field. Two green callout boxes with arrows point to the input fields: one says "Enter your SMCM username" pointing to the username field, and the other says "Enter your SMCM Email password" pointing to the password field.
