INFORMATION FOR COMPLAINANTS

The purpose of this form is to ensure that people who report having experienced sexual harassment – defined as “complainants” under the Policy Against Sexual Harassment (the Policy) – are aware of their rights and important resources.

APPLICABLE POLICY AND PROCEDURES

The College’s Policy and grievance procedures apply to this complaint, and you have options for the investigation and resolution of the complaint. Complaints against students, faculty, staff, and contractors will be reviewed in accordance with the Policy and the Grievance Process to Resolve Complaints of Sexual Harassment.

A formal resolution process, an informal resolution process, and supportive measures are all available to you. Choosing one type of resolution process does not prevent you from accessing the other options at any point during the process.

Please review the statements listed on the right and be sure that you understand each of them.

KEY:
The person reported as engaging in sexual harassment is defined as a “respondent,” under the Policy. Both the complainant and respondent are entitled to similar rights and information.

For more information, please review the policy and the appropriate procedures on the Title IX Office webpage (https://www.smcm.edu/title-ix/).

REQUEST FOR CONFIDENTIALITY

You may request that your name or other identifiable information not be shared, or that no formal action against the Respondent be taken. When evaluating a Complainant’s request for confidentiality, the Title IX Coordinator will make every effort to respect this request. The Title IX Coordinator will evaluate this request in the context of the College’s responsibility to provide a safe and non-discriminatory environment for all students. If the request for confidentiality is granted, the College’s ability to investigate may be limited. If you request confidentiality or ask that no formal action be taken, you may change your mind at any time. In the event that you change your mind, you may contact the Title IX Coordinator to initiate an investigation or an informal resolution process.

YOUR RIGHTS

• To be treated with dignity, respect, and sensitivity by Title IX personnel at the College.
• To a fair and impartial investigation process.
• To formal investigations, hearings, and informal resolutions that are prompt, equitable, and provide opportunities for both parties to be heard.
• To have timely written notice of:
  • The alleged policy violation and the range of possible sanctions.
  • Your rights and responsibilities under the policy.
  • Information about other civil and criminal options.
  • The date, time, and location of each meeting, interview, or hearing that you are required or permitted to attend.
  • A final determination in a formal investigation and hearing regarding whether a policy violation occurred and the basis for that determination, as well as any sanction imposed and your right to an appeal.
• To participate in a formal investigation.
• To have the assistance of an attorney or advocate supervised by an attorney, as well as a personal supporter of your choice. See Attorney, Advocates, Advisers.
FORMAL INVESTIGATIONS
The formal investigation is designed to provide a fair, impartial, and reliable gathering of the facts. All individuals interviewed during the investigation, including the parties and any witnesses, will be treated with appropriate sensitivity and respect. The investigation will safeguard the privacy of the individuals involved as much as possible, consistent with the need for a full assessment of the facts.
Throughout the investigation and adjudication process, the College will provide an equal opportunity for the parties to present witnesses, including fact and expert witnesses, and other inculpatory and exculpatory evidence.
At the hearing, the College will provide an equal opportunity for the parties to present witnesses, including fact and expert witnesses, and other inculpatory and exculpatory evidence. The Title IX Coordinator will keep the parties informed of the status of the investigation. The College will strive to complete the formal investigation process in a timely manner, and will strive to schedule and conduct the hearing within a reasonably prompt time frame after the completion of the investigation.

INFORMAL RESOLUTION
An Informal Resolution is a voluntary resolution process to which the Complainant, the Respondent, and the Title IX Office must agree. The College does not require the parties to participate in an informal resolution process. There must be a formal complaint on file before the College can offer an informal resolution. The College may facilitate an informal resolution at any time, even after the initiation of a formal investigation, if the parties agree to it.
This option is only available for reports that do not involve sexual assault (except in the case of dating violence) or any employee respondent. When an informal resolution is implemented, the College will provide the parties with written notice of all of the details of the resolution.
An informal resolution might include, but is not limited to, non-disciplinary remedies such as:
• Implementing agreed upon supportive measures;
• Providing training or counseling to an individual or group;
• Having an informal discussion with the respondent;
• Requesting a written apology from the respondent;
• Increasing monitoring or security at specified locations; or
• Facilitating a confidential conversation between the parties;
• Any other remedy that can be tailored to the parties to achieve the goals of the policy.

The Title IX Office can help facilitate access to supportive resources to anyone involved with a Title IX issue. You may request supportive measures, remedies, and accommodations, such as:

RESOURCE INFORMATION

MEDICAL ATTENTION
If you are sexually assaulted, you may wish to seek medical attention for possible injuries and to check for injuries you may not be able to see. In addition to obtaining care for yourself, seeking medical attention allows for the collection and preservation of evidence. Know that collecting evidence does not commit you to following through with a law enforcement process, but gives you the option to do so.
In most cases, DNA evidence will need to be collected within 72 hours, but some Sexual Assault Forensic Exams (SAFE) can be accessible for up to 15 days after an incident. SAFE exams are free and you have the choice to remain anonymous. SAFE exam reports are not shared with the College unless you authorize the hospital conducting the exam to do so.
To request transportation to the hospital for medical attention related to a sexual assault, contact:
Public Safety 240-895-4911 or x4911 from any campus phone
