Sexual Assault on College Campuses

During their time in college, one in two trans and non-binary folx, one in five women and one in 16 men are sexually assaulted.

Source: collegeparentsmatter.org
Most campus sexual assaults occur during the first 6-8 weeks of the fall semester. First-years are 2.5X more likely to be assaulted by someone. The week of Halloween is a particularly high-risk time.

It’s on all of us to prevent sexual assault.

Possible Social Factors Relating to COVID-19

- Students may have missed out on milestone experiences, like prom or summertime hangouts, that might have exposed them to alcohol and sexual intimacy incrementally in recent months.
- Eager for physical connection after isolation.
- Pressure of making and maintaining new friends.
- Students may feel like they have to make up for lost time.
- Potential for a surge in experiences that’s exaggerated in intensity compared to “typical” circumstances.

Title IX Sexual Harassment

Sexual harassment means conduct on the basis of sex that satisfies one or more of the following:

1. An employee conditioning the provision of an aid, benefit, or service on an individual’s participation in unwelcome sexual conduct;

2. Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the education program or activity; or

3. Sexual assault, dating violence, domestic violence, and stalking, as defined below.

Sexual Assault

**Sexual assault** means an offense classified as a forcible or nonforcible sex offense under the uniform crime reporting (“UCR”) system of the Federal Bureau of Investigation. The following UCR definitions apply.

- **Sex Offenses, Forcible**
  - Forcible rape
  - Forcible sodomy
  - Sexual assault with an object
  - Forcible fondling

- **Sex Offenses, Nonforcible**
  - Incest
  - Statutory Rape
Sex Offenses, Forcible

**Forcible Rape** – The carnal knowledge of a person, forcibly and/or against that person’s will, or not forcibly or against the person’s will in instances where the victim is incapable of giving consent because of their temporary or permanent mental or physical incapacity.

**Sexual Assault with an Object** – To use an object or instrument to unlawfully penetrate, however slightly, the genital or anal opening of the body of another person, forcibly and/or against that person’s will, or not forcibly or against the person’s will in instances where the victim is incapable of giving consent because of their youth or because of their temporary or permanent mental or physical incapacity.

**Forcible Sodomy** – Oral or anal sexual intercourse with another person, forcibly and/or against that person’s will, or not forcibly or against the person’s will in instances where the victim is incapable of giving consent because of their youth or because of their temporary or permanent mental or physical incapacity.

**Forcible Fondling** – The touching of the private body parts of another person for the purpose of sexual gratification, forcibly and/or against that person’s will, or not forcibly or against the person’s will in instances where the victim is incapable of giving consent because of their youth or because of their temporary or permanent mental or physical incapacity.

Sex Offenses, Nonforcible

Unlawful nonforcible sexual intercourse.

**Incest** – Nonforcible sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.

**Statutory Rape** – Nonforcible sexual intercourse with a person who is under the statutory age of consent.
Dating Violence

Dating violence is violence committed by a person

- who is or has been in a social relationship of a romantic or intimate nature with the victim,
- where the existence of such a relationship shall be determined based on a consideration of the following factors:
  - the length of the relationship,
  - the type of relationship, and
  - the frequency of interaction between the persons involved in the relationship.

Domestic Violence

Domestic violence includes felony or misdemeanor crimes of violence committed

- by a current or former spouse or intimate partner of the victim;
- by a person with whom the victim shares a child in common;
- by a person who is cohabitating with, or has cohabitated with, the victim as a spouse or intimate partner;
- by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the state of Maryland; or
- by any other person against an adult or youth victim who is protected from that person’s acts under the domestic or family violence laws of the state of Maryland.
Stalking

Stalking means engaging in a course of conduct directed at a specific person that would cause a reasonable person to (a) fear for their safety or the safety of others, or (b) suffer substantial emotional distress.

For the purposes of this definition, **course of conduct** means two or more acts, including but not limited to, acts which the stalker directly, indirectly, or through third parties, by any action, method, device, or means follows monitors, observes, surveils, threatens, or communicates to or about, a person, or interferes with a person’s property.

**Reasonable person** means a reasonable person under similar circumstances and with similar identities to the complainant.

**Substantial emotional distress** means significant mental suffering or anguish that may but does not necessarily, require medical or other professional treatment or counseling.

Stalking behaviors may include, but are not limited to

- abusive and excessive contact and/or monitoring using telephone calls, voice mails, emails, instant messaging, text messages, and/or social media to one’s home or work;
- installing spyware on a person’s computer or phone without consent;
- trespassing;
- following and/or threatening an individual or a person’s friends and relatives;

- Against a person *outside of the United States* or

- At College-sanctioned events or programs that take place off campus, including study abroad and internship programs

### Retaliation

Intimidating, threatening, coercing, or discriminating against, or otherwise taking an adverse action against an individual

- for the purpose of interfering with any right or privilege secured by law or College policy relating to Prohibited Conduct, or
- because an individual has made a report, filed a complaint, testified, assisted, participated or refused to participate in any manner in an investigation, proceeding, or hearing related to Prohibited Conduct.
Adverse actions include but are not limited to

- impeding an individual’s academic advancement;
- terminating, refusing to hire, or refusing to promote an individual; or
- transferring or assigning an individual to a lesser position in terms of wages, hours, job classification, or job security.
- Retaliation includes retaliatory harassment.

Retaliation

Adverse actions, including charges against an individual for violations of other College policies that do not involve sex discrimination or Prohibited Conduct, but arise out of the same facts or circumstances as a report or complaint of sex discrimination, or a report or complaint of Prohibited Conduct, for the purpose of interfering with any right or privilege secured by law, constitutes Retaliation.

However, charging an individual with a violation of other College policies for making a materially false statement in bad faith in the course of a proceeding does not constitute Retaliation, provided that a determination regarding responsibility, alone, is not sufficient to conclude that any Party made a materially false statement in bad faith.

The exercise of rights protected under the First Amendment does not constitute Retaliation. The College will keep confidential, to the extent permitted by FERPA, the identity of any individual who has made a report of Prohibited Conduct.

**MYTH:** If a student tells a responsible employee about an assault, the student would have to go through with a full Title IX investigation.

**FACT:** Aside from very few circumstances, the student is in control of what happens after a responsible employee contacts the Title IX Office.

**MYTH:** If someone shares an incident with a responsible employee where the accused person is not affiliated with the College or it happened off campus, the responsible employee doesn’t have to report to the Title IX Office.

**FACT:** Responsible employees play a critical part helping to connect people to resources and outline their options, regardless of whom the accused person is or where the incident occurred.
Make Sure the Student Understands

1. Your duty to report
2. The student may request confidentiality
3. Confidential resources are available
4. You still have a duty to report even if the student wishes to remain anonymous
5. A student has a right to file a Title IX complaint and/or criminal charge

**Tips for the Conversation**

Listen to the student

Don’t be judgmental

Key Points to Remember

You are in control and you have options.

You have the right to choose whom you will talk to, what resources you will use, what you will say, and when you will say it.

If you choose to share your experience, your disclosure will be taken seriously and you will be treated with dignity.
Grounds for Appeal

1. *Procedural irregularity* that affected the outcome

2. *New evidence* that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome

3. Title IX Personnel (Title IX Coordinator, investigators, or decision-makers) had a *conflict of interest or bias* for or against complainants or respondents generally or individual complainant or respondent that affected the outcome

Role of the Appeal Officer

Appeals will be conducted in an impartial manner by an impartial decision-maker, the Appeal Officer

Appeal officers may be members of the College’s Executive Council or may be external Title IX professionals with specific training and experience, appointed for this purpose

Appeal officers must be unbiased and without any conflicts of interest
Impartiality, Conflicts of Interest, and Bias

An important issue that is now a required basis for appeals:

*Title IX Personnel (Title IX Coordinator, investigators, or decision-makers) had a conflict of interest or bias for or against complainants or respondents generally or individual complainant or respondent that affected the outcome.*

Our roles on campus require good judgment, balance, and sensitivity.

How do you avoid prejudging facts? How are you mindful of potential conflicts of interest? How do we address any explicit or implicit bias?

Conflicts of Interest

A conflict of interest may arise if the Appeal Officer [or other Title IX personnel] is related to, has a friendship with, or otherwise has had interactions with one of the parties or witnesses that may compromise the fairness or impartiality of the investigation.

If an actual or perceived conflict of interest arises from the involvement of an Appeal Officer, that conflict must be disclosed to all Parties and any potential or actual conflict must be appropriately addressed.

Parties and Title IX personnel should disclose any possible conflicts of interest to the Title IX Coordinator as soon as possible.
 Appeals Timeline

- Either party may file an appeal within five (5) business days of the date of the Outcome.
- The Title IX Coordinator will send a copy of the appeal to the non-appealing Party within one (1) business day.
- The non-appealing party will have three (3) business days to submit a response to the appeal.
- The Title IX Coordinator will email a copy of the Outcome, the appeal and any response to the Appeal Officer within one (1) business day.
- The Appeal Officer will render a written decision on the appeal and send it to the Title IX Coordinator within fifteen (15) business days.

Requirements of Appeal Documents

The appeal shall consist of a plain, concise, and complete written statement outlining:

- the grounds for appeal
- all relevant information to substantiate the basis for the appeal, and
- appellant’s desired outcome.

The appeal shall not exceed 10 double-spaced pages with a minimum 12-point font (same for the response to the appeal).

Mere dissatisfaction with the Outcome is not a valid basis for appeal.
Exclusion of Improper Information

The Appeal Officer may exclude any information submitted by the appealing or non-appealing Party if it is not relevant or material to one of the specified grounds for appeal.

If the Appeal Officer excludes information submitted on appeal, the Appeal Officer shall state the basis for exclusion of the information in the Appeal Officer's written decision.

Burden of Proof

In any request for an appeal, the burden of proof lies with the appealing Party, as the original Outcome is presumed to have been decided reasonably and appropriately.

The Appeal Officer’s first considerations:

- Is the appeal timely filed?
- If so, is the appeal based on one or more of the three grounds?

If either answer is “no,” the appeal will be denied.
Burden of Proof

An appeal is not an opportunity for the Appeal Officer to substitute their own judgment for that of the Hearing Officer merely because the Appeal Officer disagrees with the Outcome.

Appeal decisions are to be deferential to the original Hearing Officer, making changes to the finding only where there is clear error.

Outcome of Appeal

The Appeal Officer may affirm or alter the Outcome, depending on the basis of the requested appeal.

If the Appeal Officer remands the case, options may include:

- Investigators conducting additional investigation or issuing a revised investigative report
- Hearing officers calling for a new hearing or issuing a revised outcome

The Title IX Coordinator will review the appeal decision for consistency with College policy and practice, and the College’s legal counsel will review the appeal decision for legal sufficiency.
Appeal Officers for Non-Discrimination Procedures

Non-Discrimination Procedures

Grounds for appeal:

- **Substantial procedural error**: Procedural errors or errors so substantial as to effectively deny a Complainant or Respondent notice or a fair opportunity to be heard.
- **New evidence**: New relevant, material evidence that a reasonably diligent person could not have discovered prior to the issuance of the Notice of Findings has become available.

Within five (5) business days, the appeal officer will issue a written determination stating whether the Appeal was granted or denied, including a summary of its rationale.

The Appeal Outcome shall either:

- affirm the finding,
- overturn and reverse the finding, or
- send the case back to investigator(s) with specific directions to reconsider the finding.

Appeal officers may be members of the College’s Executive Council or may be external personnel with specific training and experience, appointed for this purpose.

Appeal officers must be unbiased and without any conflicts of interest.

Hotspot Mapping Results
Incidences of Sexual Assault / Sexual Violence
High-Risk Times and Incident Rate by Class Year

- Nationally, first-year students are the highest-risk group on a campus.
- This is also reflected in our data: 62% (18) of SMCM students who disclosed an assault said it occurred during their first year. Last year’s data was similar (61%).
- This year, first-years had a significantly lower incidence rate (4%) than their upper-class peers (13-17%).
Incident Location Results

- 83% (n=29) of participants reported that the incident occurred on campus.
- Due to a low number of responses, we condensed the results to protect participants’ privacy:

<table>
<thead>
<tr>
<th>Where the Incident Occurred</th>
<th>Percentage</th>
</tr>
</thead>
<tbody>
<tr>
<td>The perpetrator’s residence (on/off)</td>
<td>48%</td>
</tr>
<tr>
<td>A party (on/off)</td>
<td>33%</td>
</tr>
<tr>
<td>Elsewhere on campus</td>
<td>31%</td>
</tr>
<tr>
<td>My residence (on/off)</td>
<td>26%</td>
</tr>
<tr>
<td>Elsewhere off campus</td>
<td>14%</td>

High-Risk Times: Considerations

- Changes to campus life due to the pandemic may have protected first-years against sexual violence.
- Did first-years acquire protective factors against sexual violence (i.e., getting connected on campus, having supportive friends) that may prevent them from experiencing sexual violence in the future?
- Or, was a “red zone” window of risk simply paused or delayed?
- With this in mind, in fall 2021 we will heighten our prevention efforts for returning sophomores, in addition to ongoing “red zone” strategies.
